   h. Future Agendas List / 2022 Work Plan

7. **NEW BUSINESS**
   a. Edgewood Picnic Planning (*July 16, 2022*)

8. **BOARD MEMBER COMMENTS**

9. **ADJOURN**

This meeting is accessible to persons with disabilities. For individuals who may require special accommodations, please contact City Hall at (253) 952.3299, 24 hours in advance.

PARKS AND RECREATION ADVISORY BOARD (VIRTUAL) MEETING SUMMARY
Wednesday, February 9, 2022 – 6pm ♦ City Hall – 2224 104th Avenue East ♦

1. **CALL TO ORDER**
   Brian Levenhagen called the meeting to order at 6:00pm

2. **ROLL CALL**
   Present: Brian Levenhagen, Jeff Southard, Linda Howard, Amity Highley, Bill Hilton, Anne Percival, Stacie Farmer
   Council Liaison: Rosanne Tomyn
   City Staff Present: Public Works Director (PWD) Jeremy Metzler, IT Director Matthew Ray

3. **APPROVAL OF MEETING SUMMARY**
   Linda Howard **MOVED**, Anne Percival **SECONDED** to approve the January 12, 2022 Meeting Summary.
   APPROVED (7-0)

4. **OLD BUSINESS**
   - PROST Plan Update
     Chris Overdorf with SCJ Alliance presented an extensive update to the group.

   - Edgewood Parks – Entry and Regulatory Signage
     Board members briefly reviewed the sign graphics with the suggested changes.

   - Edgewood Community Park – Dedication Ceremony Planning
     Discussion ensued as to, who would speak, possible presenters, and community partners planning to attend.

     Parks Appreciation Day Planning (April 23, 2022?)
     With COVID19 restrictions loosening, board members discussed the option of holding the annual event in the spring, and listed possible projects to complete.

   - Port of Tacoma Grant Opportunity – Interurban Trail
     Public Works Director Metzler did a brief overview of this agenda topic, keeping board members abreast of the progress.

   - Future Agendas List / 2022 Work Plan
     Board members reviewed the plan in detail in order to prepare it for review at the February 15, 2022 City Council meeting.

5. <u>NEW BUSINESS</u>

- Community Garden – Roles and Policy
  Other local city's rules, and policies were briefly reviewed for comparison. Discussion was then had as to what board members would like Edgewood's to look like.

- Pocket Parks – Jovita Crossroads
  Board members discussed options to improve the park, such as adding swings, to encourage use and deter dumping and vandalism.

- Tri-Jurisdictional Meeting (April @ Fife)
  The City of Fife has agreed to host the meeting April 6, 2022 at 6:30pm. Board members agreed to make this Tri-Jurisdictional meeting their monthly meeting as well. Public Works Director Metzler will check with the Clerk's office for noticing requirements and bring back answers at the March meeting.

6. <u>ADJOURN</u> – 7:24pm

Hi Chuck,

I have your quote attached. I did can confirm we can do light blue with yellow legs.

Thank you and let us know if you need anything else!

Hey Chuck,

That sounds great, we'll get a MyTCoat quote started! Color options are below. I'm thinking that the Light Blue probably matches the equipment best unless we want to go naturally darker with a Dark Blue.

Thanks as always,

Chris McGarvey

Chris,
Can the City get a formal quote on the MyTCoat product and we would like it ot match the playground color scheme.

Let me know.

Subject: RE: Edgemont Park

Hey Chuck,

Happy to help with this! We've got a couple options we could get started. Based on lead time we would recommend MyTCoat if we want materials to be here for the upcoming build:

- MyTCoat – Lead time 10-12 weeks.
  - Table –46" Square Pedestal Table (TSQ46-C-12-000)
  - Bench – 6' Double Pedestal Bench with Back (BRT06-C-61-002)
- Wabash – Lead time 28 weeks.
  - Table –Signature Series Square Table (SG216D)
  - Bench – The Outdoor Pedestal Bench (SG355D) can be modified with benches on both sides (modified model is 365D).

Both manufacturers are available through KCDA. Let me know your thoughts and we'll get a quote started!

Thanks as always,

Chris,
We are considering replacing the benches and picnic tables at the park as part of the construction. The vinyl coating is in bad shape. We would like to get a price on 3 square tables and 3 benches that have seats and backs facing both directions. If we were to order is there any idea on what lead time would be?

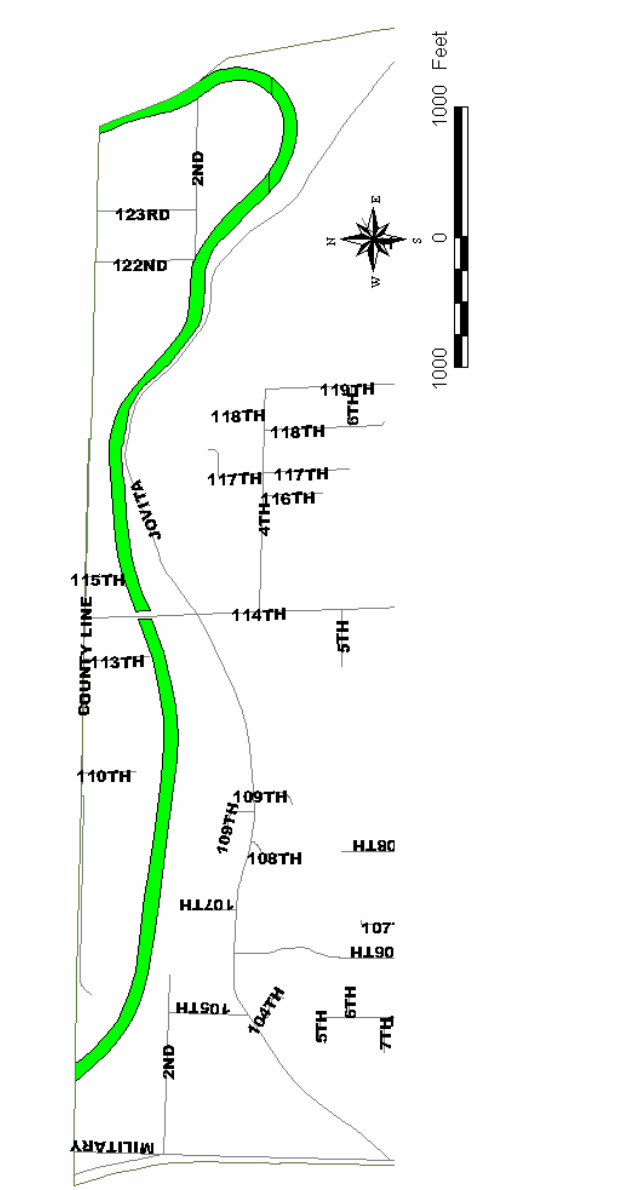
ONCE COMPLETED, EDGEWOOD'S SEGMENT OF THIS REGIONAL TRAIL WILL PROVIDE THE VITAL CONNECTING LINK TO EXISTING SEGMENTS IN MILTON, PACIFIC AND SUMNER, THUS CLOSING THE GAP ON THE SOUTHER END OF THE INTERURBAN TRAIL



PARKS & RECREATION ADVISORY BOARD

THE BOARD MEETS ON THE FIRST THURSDAY OF EACH MONTH TO ADDRESS THE COMMUNITY'S PARKS AND RECREATION NEEDS. THIS MEETING IS OPEN TO THE PUBLIC AND CITIZENS ARE ENCOURAGED TO ATTEND AND PARTICIPATE.

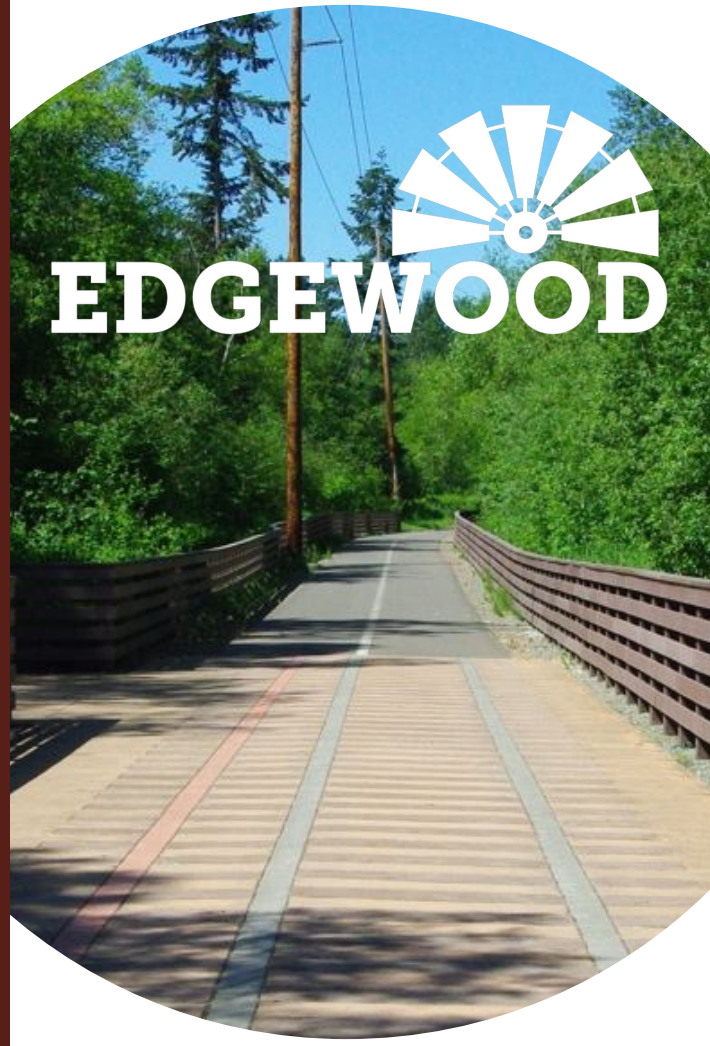
EDGEWOOD PARKS

Edgemont Park - 11001 24th St E
5-acre active park with large shade trees, baseball diamond, basketball court, picnic shelter, restroom facilities, playground and tot lot and off-street parking.

Nelson Farm Park - 11912 18th St E
10-acre farm that offers Community Garden planting beds for adoption.

Nelson Nature Park - 2228 118th Ave E
10ffers a tranquil meandering walking path with foot bridges and benches in a natural wetland/wooded preserve with a grassy meadow, picnic shelter, wildlife viewing and parking.

EDGEWOOD



INTERURBAN TRAIL
&
JOVITA CROSSROADS TRAILHEAD PARK

History of the Interurban

The Puget Sound Electric Seattle-Tacoma Interurban Railway was the first high-speed electric railway built to operate in the Puget Sound region. The tracks were laid from Tacoma through Fife, up East Hylebos Creek at Milton, over the "hogback" in Edgewood, down the North bank of Jovita Creek and through a carved tunnel under Stewart's Point. The original track followed the Duwamish River north into downtown Seattle and later up to Everett. Short spurs were also built into Puyallup and Renton. Service began on September 25, 1902, with trains leaving the station every two hours, reaching speeds up to 60 MPH on straight sections of track. Fare wars broke out between the Interurban and the passenger boats shuttling between Seattle and Tacoma. Completion of the first paved road, Highway 99, between Seattle and Tacoma made way for bus transportation, which was the beginning of the end of the Interurban. The last run was on December 30, 1928. Today, the Interurban Electric Railway is history.

The Interurban Today

Several communities have realized the treasure they have running through their cities and towns. The old Interurban Railway is becoming the new Interurban Trailway. Portions of rights-of-way must be purchased from Puget Sound Energy (PSE) by local jurisdictions for trail use and development. From Milton to Seattle, cities have developed sections of the rail bed for non-motorized transportation. The joint Milton-Edgewood Ad Hoc Trail Committee worked diligently toward the purchase and development of the section of the Interurban that runs through our cities The cities of Milton and Pacific have already developed the majority of the trail within their jurisdictions.

Tasks Accomplished

- Completed the construction of approximately one mile of paved trail from the Edgewood/Milton city limits near Military Road to 114th Avenue East in 2011. Amenities include benches and picnic tables.

- Completed the construction of Jovita Crossroads Trailhead Park near the intersection of 114th Avenue East and Jovita Boulevard in 2012. Trailhead amenities include a restroom facility, parking and picnic shelters. The Interurban Electric Railway history is displayed at Jovita Crossroads Trailhead Park.

Future Tasks for Edgewood

- Construction of the Trail segment from 114th Avenue East to West Valley Highway.
- Continue to pursue grant funding and encourage citizen involvement.

Benefits to the Community

- Promotes healthy, lifelong habits of being physically active for people of all ages and abilities.
- Provides a safe, off-road area for bicycling, walking, skating, running, wheelchair and stroller use.
- Encourages alternatives to motorizedtraffic, reducing air pollution.
- Links communities by connecting residential areas, parks, local transit, regional trails and schools.
- Increases quality of life and property value.

MEMBERS OF THE TAHOMA AUDUBON SOCIETY ARE RESPONSIBLE FOR THE COMPILATION OF THIS CHECKLIST. THROUGH MANY HOURS OF VOLUNTEER SERVICE,THESE SPECIES WERE LOGGED AND TRACKED AT NELSON NATURE PARK. OUR THANKS GO OUT TO THESE DEDICATED INDIVIDUALS FOR THEIR WORK IN DOCUMENTING THESE BIRDS.

EDGEWOOD

Native Birds of the Nelson Nature Park

2228 118th Avenue E
Edgewood, WA 98372

NELSON NATURE PARK

The Nelson Nature Park is the home of a natural wetland area full of native flora and fauna with a winding paved walking path. Every year during each of the four different seasons, members of the Tahoma Audubon Society, take to the trail to observe and document the different types of birds found in the area. As you will see from the checklist, the variety of birdlife that inhabits the wetland at Nelson Nature Park changes with the seasons.

This checklist includes 58 different bird species that have been recorded at the Nature Park over the years and information on the likelihood of sighting them at the Nature Park. This list will be up-dated as necessary as new species are identified or frequency changes.

Information included in the up-dates will be that which is provided by the Friends of the Parks and by individual bird enthusiasts. If you see species that are not listed here, please make a dated comment on the observation notes sheet attached to the clipboard at the Kiosk at the Nature Park. Your name and a contact telephone number would be greatly appreciated so that follow-up information can be gathered. Spend some time during each season at the Nature Park to identify a variety of birds using this checklist.

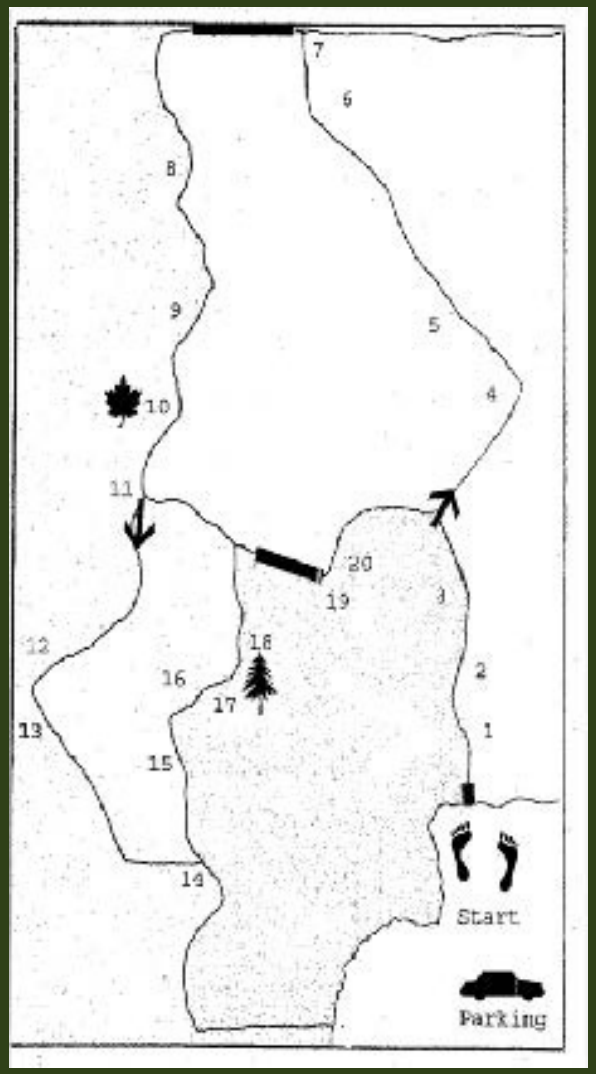
T's Trail Marker Map



The trail at the Nelson Nature Park is named after T. Hollingsworth, who was instrumental in obtaining the Nelson properties for passive park use. The memorial stone marker at the beginning of the trail stands as a sign of appreciation of the work she did to enhance the quality of life for citizens now and for generations to come.

Parks and Recreation Advisory Board

The Parks and Recreation Advisory Board meets monthly to address the community's parks and recreation needs. This meeting is open to the public and citizens are encouraged to attend and participate.

Other Edgewood Parks

Edgemont Park - 11001 24th St E
5 acre active park with large shade trees, baseball diamond, basketball court, picnic shelter, restroom facilities, playground and tot lot and parking.

Nelson Farm - 11912 18th St E
10 acre farm that offers community garden planting beds for adoptions

Interurban Trail and Jovita Crossroads Trailhead Park - 22 114th Ave E
Offers a tranquil one mile paved trail with historical interpretive signage, picnic sheers, bike rack and parking.

EDGEWOOD

Trail Map & Plant Guide

Plant Identification Trail Markers

Red Twig Dogwood —
Best known for its bright red winter stems which add color when it is needed most. The alternative name for this shrub is Redosier Dogwood.

Oregon Ash —
A Pacific Northwest (PNW) native deciduous tree commonly found in wet areas in the lower reaches of the river valleys west of the Cascades.

Western Red Cedar —
Very common in Washington State and used frequently in furniture making . Distinguishable by its droopy appearance and its peeling bark.

Sword Fern —
Best known for its bright green arching fronds that grace the shaded forest floor.

Western Hemlock —
Has a droopy crown at the top with feathery leaves and small cones. This is native to our beautiful PNW.

Snowberry —
Known for its white, waxy berry-like drupes that provide winter substance for area songbirds. Also known as Waxberry or Coralberry.

Red Elderberry —
With its lacy foliage, large white flowers and brilliant red berry clusters, it is a wonderful addition to any native plant garden.

Arch Angel —
This plant has been transplanted into well-watered gardens all over the world and has widely escaped. In Pierce County it is a Class C noxious weed.

Vine Maple—
Enjoyed for its rugged growth habit, interesting bark coloration, and beautiful fall leaf color.

Red Huckleberry —
Erect shrub with bright green branches. In spring and summer it has red berries. This plant is found in most deciduous forests under the shade of the fir tree.

Big Leaf Maple —
Named for its big leaves and almost as big stems. Its seeds are winged and helicopter to the ground. It is the largest and fastest growing maple.

Himalyan Birch —
Greatly prized for its distinctive white bark which makes it a welcome addition during the darker days of winter.

Red Flowering Currant —
Known for its scented brightly colored flowers, and the white finely haired underside of its leaves.

Holly—
Commonly known for its bright red berries and prickly deep green leaves.

Hawthorne —
White flowers give rise to a sweet reddish purple or black, glossy berry, which birds love!

Bitter Cherry —
Named for the formation of its juicy, but bitter, red fruit, also known as Wild Cherry.

Licorice Fern —
This is a native fern with evergreen foliage and sweet, licorice flavored rhisomes. These rhisomes can be used medicinally to treat sore throats and colds.

Canary Reed Grass—
Densely clustered single florets, green to purple changing to beige over time. Blooms May to June.

Himalayan Blackberry —
This plant, originally from Europe, produces very vigorous thorny stems that can form dense, impenetrable thickets.

Pacific Madrone —
This tree has an irregular open crown and smooth reddish bark that peels from the limbs and trunk.

Nootka Rose —
Best known for its attractive pink blloms, and red rose hips that persist in winter.

Salal —
The Douglas fir often sports a very thick groundcover of Salal which grows into a thick, tough soil binder.

Baldhip Rose—
Spindly shrug with brittle weak straight spines and small pink rose flowers, that bloom May-June.

Bearberry —
A low growing evergreen covered in a thick bark and fine silky hairs. Its fruit can be eaten, and it's roots can be made into a tea to treat a cough.

Crawford Woods

This land was donated by long-time resident J. Jeane Heine in 2008.

Edgemont Park

This beautifully wooded 5-acre park has off-street parking, a tot lot and playground, a baseball diamond that doubles as a soccer field, a basketball court, a picnic shelter (available to rent) drinking fountain, and restrooms.

Interurban Trail

The Interurban Trail runs through and is being developed by many cities between Tacoma and Everett.

Nelson Farm Park

The Nelson Farm provides residents with a community garden where raised planting beds are available to locals to cultivate the soil and grow their own flowers and vegetables.

Nelson Nature Park

Nelson Nature Park is a "passive park" nestled in a serene wetland area home to a variety of animals and plant life.
