This meeting is accessible to persons with disabilities. For individuals who may require special accommodations, please contact City Hall at (253) 952.3299, 24 hours in advance.

City Of Edgewood Council Agenda Summary Sheet

SUBJECT: Development Review		Agenda Item #:		2C
		For Agenda of:		July 2, 2019
		Prepared by:		Kristin Moerler & Darren Groth
ATTACHMENTS (list): ☒ May 2019 Monthly Permit Tally ☒ May Pending Projects (Planning and Engineering Permits) Map ☒ May Pending Projects (Planning and Engineering Permits) List ☒ Land Division Report May 2019 *NEW*				
Review of Materials:				
Mayor, Daryl Eiding	☐	Expenditure Required:	<u> \$0 </u>	
Asst. City Administrator, Dave Gray	☐	Amount Budgeted:	<u> \$0 </u>	
City Attorney	☐	Appropriation Required:	<u> \$0 </u>	
City Clerk, Rachel Pitzel	☐	Timeline: N/A		
Community Development Director, Darren Groth	☒			
Public Works, Jeremy Metzler	☐	BARS:		
Chief Micah Lundborg	☐			
Fiscal Note/Consideration: N/A				
SUMMARY STATEMENT: The City's Community Development Department (CDD) is entrusted by City Council, Edgewood citizens, and the State of Washington to provide growth management and development review, neighborhood preservation and revitalization, property inspection and maintenance, and other programs and business development services necessary to ensure the healthy, safety, and quality of life of Edgewood residents. To carry out these responsibilities, the CDD staff members perform numerous customer interactions, code interpretations, permitting functions, project reviews, on-site inspections, and multiple other functions. New this month is the Land Division Report, which summarizes the subdivision activity within the City over the last few years. This report includes preliminary approvals, site development permit status and final plat approvals documenting where various subdivisions are at in the development process. The report also includes both the initially proposed number of lots and lots established by final plats.				
COUNCIL COMMITTEE REVIEW AND RECOMMENDATION: N/A				
RECOMMENDED ACTION: Receive a briefing, hold a discussion, and provide any direction to staff regarding the reporting of community development project and permit statuses.				

May 2019

Notes to the Financial Statements

For year ended December 31, 2018

Note 1 Summary of Significant Accounting Policies

The City of Edgewood was incorporated on February 28, 1996 and operates under the laws of the state of Washington applicable to a code city. The City is a general purpose government and provides law enforcement, community planning, street improvements, storm water maintenance and general administrative services, in addition, the City owns a sewer system that is operated and maintained through an Interlocal Agreement. The City uses single-entry, cash basis accounting which is a departure from generally accepted accounting principles (GAAP).

The City of Edgewood reports financial activity in accordance with the *Cash Basis Budgeting, Accounting and Reporting System* (BARS) Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed, but are not included in the financial statements.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The *Schedule of Liabilities* is required to be presented with the financial statements as supplementary information.
- Supplementary information required by GAAP is not presented.
- Ending balances are not presented using the classifications defined in GAAP.

A. Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund is accounted for with a separate set of single-entry accounts that comprises its cash, investments, revenues and expenditures, as appropriate. The City's resources are allocated to and accounted for in individual funds depending on their intended purpose. One managerial fund 005 Strategic Reserves is listed separately in the adoption of the budget. For 2018, the 005 Strategic Reserve fund is listed separately for financial presentation as reserved in the General Fund.

The following are the fund types used by the City:

GOVERNMENTAL FUND TYPES:

General (Current Expense) Funds

These funds are the primary operating funds of the City. They account for all financial resources except those required or elected to be accounted for in another fund.

Special Revenue Funds

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the City.

Debt Service Funds

These funds account for the financial resources that are restricted, committed, or assigned to expenditures for principal, interest and related costs on general long-term debt.

Capital Projects Funds

These funds account for financial resources which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

PROPRIETARY FUND TYPES:

Enterprise Funds

These funds account for operations that provide goods or services to the general public and are supported primarily through user charges.

Internal Service Funds

These funds account for operations that provide goods or services to other departments or funds of the City on a cost reimbursement basis.

FIDUCIARY FUND TYPES:

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of others. In 2016, the City Council adopted Ordinance 16-0480 absorbing the Edgewood Transportation Benefit District (Fund 630) into the Street Fund (Fund 101) under the authority granted by Senate Bill 5987. For 2018 receipts and expenditures related to TBD revenue are accounted for as restricted in the Street Fund. In 2018 the City continues to account for assigned funds for pass through State and Local revenue collections and funds held on behalf of others as surety or deposits in Funds 640 (Assignment) \$251,879.23; 642 (Retention) \$ 8,642.09 and 650 (Agency) \$1,325.83.

B. Basis of Accounting and Measurement Focus

Financial statements are prepared using the cash basis of accounting and measurement focus. Revenues are recognized when cash is received and expenditures are recognized when paid, including those properly chargeable against the report year(s) budget appropriations as required by state law.

In accordance with state law the City also recognizes expenditures paid during twenty days after the close of the fiscal year for claims incurred during the previous period.

Purchases of capital assets are expensed during the year of acquisition. There is no capitalization of capital assets, nor allocation of depreciation expense. Inventory is expensed when purchased.

City wide expenditures for labor, benefits, goods and services are initially charged to Central Services and then allocated to all funds and cost centers within funds (general fund) to reflect their share of said costs. This system allows management and accounting the ability to examine and balance labor, benefit, and large service provider expenditures in total while capturing the fully absorbed cost of each activity in the proper fund/cost center. Allocations are based upon personnel deployment. Cost of a direct nature are charged to their fund/cost center directly (election, consulting, etc.)

The basis of accounting described above represents a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

C. Budgets

The City adopts annual appropriated budgets for all funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Annual appropriations for these funds lapse at the fiscal year end. Annual appropriated budgets are adopted on the same basis of accounting as used for financial reporting.

The appropriated and actual expenditures for the legally adopted budgets were as follow:

Fund/Department	Final Appropriated Amounts	Actual Expenditures	Variance
001 General Fund	\$11,183,426	\$4,958,632	\$6,224,794
005 Strategic Reserve Fund	\$1,036,590	\$0	\$1,036,590
101 Street Fund	\$1,361,529	\$623,685	\$737,844
110 Park Impact Fee Fund	\$3,874,558	\$0	\$3,874,558
111 Traffic Impact Fee Fund	\$5,353,580	\$150,000	\$5,203,580
130 REET 1 Fund	\$660,116	\$457,434	\$202,682
132 REET 2 Fund	\$715,187	\$472,461	\$242,726
201 Debt Service Fund	\$431,410	\$382,403	\$31,007
310 Capital Park Fund	\$413,369	\$1,484	\$411,885
340 Capital Roads Fund	\$666,644	\$355,648	\$310,996
350 Capital TIB Fund	\$251,811	\$0	\$251,811
401 Sewer Fund	\$214,220	\$3,531	\$210,689
410 Surface Water Fund	\$1,355,214	\$1,045,952	\$309,262
411 Temporary LID Fund	\$3,520,806	\$1,037,384	\$2,483,422
412 LID Reserve Fund	\$595,306	0	\$595,306
501 Equipment Replacement Fund	\$288,577	\$111,227	\$177,350

Budgeted amounts are authorized to be transferred between departments within any fund/object classes within departments; however, any revisions that alter the total expenditures of a fund, or that affect specific authorized employee positions (job descriptions) or salary ranges (annual salary schedule) must be approved by the City's legislative body.

The City budgets a Strategic Reserve Fund 005 for purposes of cash flow and unexpected emergencies. For reporting purposes, Fund 005 is an internal management fund and reported as part of Fund 001 General Fund (current expense fund) as a reserved cash balance due to internal legislative restrictions for its use.

D. Cash and Investments

See Note 2, Deposits and Investments.

E. Capital Assets

Capital assets are assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of one year. The capital assets and inventory of the City are recorded as expenditures when purchased.

F. Compensated Absences

Vacation leave may be accumulated up to 240 hours and is payable upon separation or retirement. Payments are recognized as expenditures when paid. Compensatory time can be accrued up to 40 hours. It is accrued at the rate of 1.5 hours per hour worked. It is paid only upon separation.

Sick leave may be accumulated indefinitely. Upon separation or retirement employees do not receive payment for unused sick leave.

G. Long-Term Debt See Note 5, Debt Service Requirements.

H. Other Financing Sources or Uses

The City's *Other Financing Sources or Uses* consist of operating transfers-in and operating transfers-out and Interfund loans where appropriate and approved through resolution of the City Council.

I. Risk Management

The city of Edgewood is a member of the Washington Cities Insurance Authority (WCIA). Utilizing Chapter 48.62 RCW (self-insurance regulation) and Chapter 39.34 RCW (Interlocal Cooperation Act), nine cities originally formed WCIA on January 1, 1981. WCIA was created for the purpose of providing a pooling mechanism for jointly purchasing insurance, jointly self-insuring, and / or jointly contracting for risk management services. WCIA has a total of 160 members.

New members initially contract for a three-year term, and thereafter automatically renew on an annual basis. A one-year withdrawal notice is required before membership can be terminated. Termination does not relieve a former member from its unresolved loss history incurred during membership.

Liability coverage is written on an occurrence basis, without deductibles. Coverage includes general, automobile, police, errors or omissions, stop gap, employment practices and employee benefits liability. Limits are \$4 million per occurrence in the self-insured layer, and \$16 million in limits above the self-insured layer is provided by reinsurance. Total limits are \$20 million per occurrence subject to aggregates and sublimits. The Board of Directors determines the limits and terms of coverage annually.

Insurance for property, automobile physical damage, fidelity, inland marine, and boiler and machinery coverage are purchased on a group basis. Various deductibles apply by type of coverage. Property coverage is self-funded from the members' deductible to \$750,000, for all perils other than flood and earthquake, and insured above that to \$300 million per occurrence subject to aggregates and sublimits. Automobile physical damage coverage is self-funded from the members' deductible to \$250,000 and insured above that to \$100 million per occurrence subject to aggregates and sublimits.

In-house services include risk management consultation, loss control field services, and claims and litigation administration. WCIA contracts for certain claims investigations, consultants for personnel and land use issues, insurance brokerage, actuarial, and lobbyist services.

WCIA is fully funded by its members, who make annual assessments on a prospectively rated basis, as determined by an outside, independent actuary. The assessment covers loss, loss adjustment, reinsurance and other administrative expenses. As outlined in the interlocal, WCIA retains the right to additionally assess the membership for any funding shortfall.

An investment committee, using investment brokers, produces additional revenue by investment of WCIA's assets in financial instruments which comply with all State guidelines.

A Board of Directors governs WCIA, which is comprised of one designated representative from each member. The Board elects an Executive Committee and appoints a Treasurer to provide general policy direction for the organization. The WCIA Executive Director reports to the Executive Committee and is responsible for conducting the day to day operations of WCIA.

J. Health and Welfare

The City of Edgewood is a member of the Association of Washington Cities Employee Benefit Trust Health Care Program (AWC Trust HCP). Chapter 48.62 RCW provides that two or more local

government entities may, by Interlocal agreement under Chapter 39.34 RCW, form together or join a pool or organization for the joint purchasing of insurance, and/or joint self-insurance, to the same extent that they may individually purchase insurance or self-insure.

An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The AWC Trust HCP was formed on January 1, 2014 when participating cities, towns, and non-city entities of the AWC Employee Benefit Trust in the State of Washington joined together by signing an Interlocal Governmental Agreement to jointly self-insure certain health benefit plans and programs for participating employees, their covered dependents and other beneficiaries through a designated account within the Trust.

As of December 31, 2018, 257 cities/towns/non-city entities participate in the AWC Trust HCP.

The AWC Trust HCP allows members to establish a program of joint insurance and provides health and welfare services to all participating members. The AWC Trust HCP pools claims without regard to individual member experience. The pool is actuarially rated each year with the assumption of projected claims run-out for all current members. The AWC Trust HCP includes medical, dental and vision insurance through the following carriers: Kaiser Foundation Health Plan of Washington, Kaiser Foundation Health Plan of Washington Options, Inc., Regence BlueShield, Asuris Northwest Health, Delta Dental of Washington, and Vision Service Plan. Eligible members are cities and towns within the state of Washington. Non-City Entities (public agency, public corporation, intergovernmental agency, or political subdivision within the state of Washington) are eligible to apply for coverage into the AWC Trust HCP, submitting application to the Board of Trustees for review as required in the Trust Agreement.

Participating employers pay monthly premiums to the AWC Trust HCP. The AWC Trust HCP is responsible for payment of all covered claims. In 2018, the AWC Trust HCP purchased stop loss insurance for Regence/Asuris plans at an Individual Stop Loss (ISL) of \$1.5 million through Life Map, and Kaiser ISL at \$1 million with Companion Life through ASG Risk Management. The aggregate policy is for 200% of expected medical claims.

Participating employers' contract to remain in the AWC HCP for a minimum of three years. Participating employers with over 250 employees must provide written notice of termination of all coverage a minimum of 12 months in advance of the termination date, and participating employers with under 250 employees must provide written notice of termination of all coverage a minimum of 6 months in advance of termination date. When all coverage is being terminated, termination will only occur on December 31. Participating employers terminating a group or line of coverage must notify the HCP a minimum of 60 days prior to termination. A participating employer's termination will not obligate that member to past debts, or further contributions to the HCP. Similarly, the terminating member forfeits all rights and interest to the HCP Account.

The operations of the Health Care Program are managed by the Board of Trustees or its delegates. The Board of Trustees is comprised of four regionally elected officials from Trust member cities or towns, the Employee Benefit Advisory Committee Chair and Vice Chair, and two appointed individuals from the AWC Board of Directors, who are from Trust member cities or town.

The Trustees or its appointed delegates review and analyze Health Care Program related matters and make operational decisions regarding premium contributions, reserves, plan options and benefits in compliance with Chapter 48.62 RCW. The Board of Trustees has decision authority consistent with the Trust Agreement, Health Care Program policies, Chapter 48.62 RCW and Chapter 200-110-WAC.

The accounting records of the Trust HCP are maintained in accordance with methods prescribed by the State Auditor's office under the authority of Chapter 43.09 RCW. The Trust HCP also follows applicable accounting standards established by the Governmental Accounting Standards Board ("GASB"). In 2018, the retiree medical plan subsidy was eliminated, and is noted as such in this report. Year-end financial reporting is done on an accrual basis and submitted to the Office of the State Auditor as required by Chapter 200-110 WAC. The audit report for the AWC Trust HCP is available from the Washington State Auditor's office.

K. Reserved Portion of Ending Cash and Investments (Fund Balance)

Beginning and Ending Cash and Investments is reported as reserved when it is subject to restrictions on use imposed by external parties, or due to internal commitments established by the City Council. When expenditures that meet restrictions are incurred, the City intends to use reserved resources first before using unreserved amounts.

Reservations of Ending Cash and Investments consist of:

- Strategic Reserve Fund (\$1,017,140) Is an internal Management Fund. The Fund balance represents transfers from the General Fund as a commitment by the City Council for emergency and/or other longer term operating reserves. These funds may be rescinded by an ordinance of the City Council. For reporting purposes the Strategic Reserve Fund Balance is combined with Fund 001 General Fund, and listed as the reserved portion.
- Street Fund (\$328,636) Funds collected represent payment in-lieu of construction and gas taxes used for road improvements. Unexpended General Fund Transfers, if any, are listed as unrestricted Street Funds.
- Park Impact Fee (\$2,558,964) Funds are used for park acquisition and improvements outlined in the City's Capital Improvement Plan. They are restricted for increasing capacity and must be expended on a legislated timeline. This fund has grown exponentially as a result of rapid development in the City since late 2015.
- Traffic Impact Fee (\$3,099,002) Funds collected pay for projects identified in the City's Capital Improvement Plan. They are restricted for increasing capacity and must be expended on a legislated timeline. This fund has grown exponentially as a result of rapid development in the City since late 2015.
- REET1 (\$219,361) and REET2 (\$274,431) The Growth Management Act (GMA) restricts projects funded from REET1 and REET2 to those capital projects outlined in the City's Capital Improvement Plan.
- Debt Service Fund (\$138,836) is used to retire scheduled debt and make annual interest payments. The accumulated balance represents a scheduled reduction in debt payments due to a refinanced lower mortgage for City Hall. A principal payment to accelerate the retirement of the City Hall Mortgage (converted from a 2007 GO Bond) is anticipated in 2019.
- Capital Parks Fund (\$108,224) is used for capital parks projects, primarily funded by grant dollars, Park Impact Fees, REET 1 or the General Fund as identified in the City's Capital Improvement Plan.
- Capital Roads (\$395,297) and Capital TIB (\$1,811) Funds are used for capital roads projects, primarily funded by grant dollars, Traffic Impact Fees, REET 2 or General Fund Transfers as identified in the City's Capital Improvement Plan.
- Sewer (\$167,061) and Surface Water (\$37,187) Funds are used to support the operations and maintenance of the respective utility. In 2018 the sewer fund received a General Fund Transfer of \$53,856 from the General Fund in an effort to fully fund a \$200,000 Revised Sewer Operating & Capital Plan. The plan will go to bid in 2019 with work continuing into 2020.
- Temporary LID Fund (\$1,250,904) receives revenue from special assessment payments for securing the payment of the principal of and interest on a USDA RD local improvement debt. The LID Reserve Fund (\$479,272) contains a reserve created from the Temporary LID Fund as a USDA RD loan covenant. Within 10 years of the execution of the loan, the City must have on reserve 10% of the then outstanding debt balance. The City's current LID debt is \$10,077,390. Ten percent of the then expected loan balance on 1/1/2025 would be \$325,172.

- Equipment Replacement Fund (\$96,882) Funds collected represent an internal commitment for replacing or purchasing capital equipment set aside from General Fund Sources. Use of the funds may be restricted by Council Ordinance.

Note 2 – Deposits and Investments

It is the City of Edgewood's policy to invest all temporary cash surpluses. The interest on these investments is prorated to the various funds of the City.

All deposits and certificates of deposit are covered by the Federal Deposit Insurance Corporation or the Washington Public Deposit Protection Commission. All investments are insured, registered, or held by the City or its agent in the government's name.

Investments are presented as collected balances. Bonds are stated at original coupon purchase. Net gains or losses are booked upon redemption. Current US Securities are managed through US Bank Safekeeping.

Investments by type at December 31, 2018 are as follows:

<u>Type of Investment</u>	① City's Own Investments	② Investments held by City as an agent for other local Governments, individuals or private organizations.	③ Total
L.G.I.P.	\$2,139,209	\$0.00	\$2,139,209
U.S. Government Securities	\$ 498,426	\$0.00	\$ 498,726
Total	<u>\$2,637,935</u>	<u>\$0.00</u>	<u>\$2,637,935</u>

Note 3 Property Tax

The county treasurer acts as an agent to collect property tax levied in the county for all taxing authorities. Collections are distributed around the 10th of each month.

Property tax revenues are recognized when cash is received by the City. Delinquent taxes are considered fully collectible because a lien affixes to the property after tax is levied.

The City's regular levy for the year 2018 was \$1.0853 per \$1,000 on an assessed valuation of \$1,590,890 for a total regular levy of \$1,690,306.

Note 4 Interfund Loans

There were no interfund loans made or repaid during 2018 and there were no interfund loan balances outstanding on December 31, 2018.

Note 5 – Debt Service Requirements

The accompanying Schedule of Long-Term Liabilities (09) provides more details of the outstanding debt and liabilities of the City and summarizes the City's debt transactions for year ended December 31, 2018.

The debt service requirements for general obligation bonds, revenue bonds, special assessment bonds, and loans including both principal and interest, are as follows:

	General Obligation Bonds	Revenue Bonds	Other Debt	Total Debt
2019	320,071		1,045,739	\$1,365,809
2020	325,639		1,045,559	\$1,371,198
2021	335,636		1,045,379	\$1,381,015
2022	340,253		1,045,199	\$1,385,452
2023	349,408		1,405,019	\$1,394,427
2024 – 2028	1,099,054		4,464,109	\$5,563,164
2029 – 2031	0		436,922	\$436,922
Totals	<u>\$2,770,061</u>	<u>\$0</u>	<u>\$10,127,925</u>	<u>\$12,245,988</u>

Other Debt represents annual principal and interest payments to the Public Works Trust Fund Loan and the LID (see Note 7A for information on the LID). Increase activity due to development continues to accumulate as a cash reserve for LID assessment payoffs. In 2019 the City will retire its LID debt on all City property reducing City outstanding debt by \$614,125. In concert with the City's retirement of its LID debt, the LID will retire approximately \$1.2 million in outstanding USDA RD debt.

The City owns three parcels in the LID whose current portion owed is \$614,125. The 14 remaining annual assessment installments are \$45,324 each and the assessment was originally to be paid in full in 2031. Yearly interest is due on the declining balance owed. For 2018, the interest paid was \$26,968. The City is scheduled to retire this debt in August of 2019 prior to a new year of interest accruing on the outstanding balance.

Note 6 Pension Plans

Substantially all of the City's full-time and qualifying part-time employees participate in the Public Employees Retirement System (PERS) administered by the Washington State Department of Retirement Systems, under cost-sharing multiple-employer public employee defined benefit and defined contribution retirement plans. Actuarial information is on a system-wide basis and is not considered pertinent to the City's financial statements. Contributions to the systems by both employee and employer are based upon gross wages covered by plan benefits.

Historical trend or other information regarding each plan is presented in the Washington State Department of Retirement Systems annual financial report. A copy of this report may be obtained by writing to:

Department of Retirement Systems
Communications Unit
PO Box 48380
Olympia, WA 985048380

At June 30, 2018 (the measurement date of the plans), the City of Edgewood proportionate share of the collective net pension liabilities, as reported on the Schedule 09, was as follows:

PLAN	Allocation %	Liability (Asset)
PERS 1	.001942%	\$ 86,730
PERS 1 _(UAAAL)	.006396%	\$285,648

PERS 2/3	.008251%	\$140,878
----------	----------	-----------

Note 7 - Other Disclosures

A. Local Improvement District No. 1:

As of December 31, 2018, the City has not had an application for, nor collected any City Conveyance Development Charges (late comer's fees) for sewer extensions within the Core 1 area, which would be assessed for public entity or private/developer funded projects. As of May 30, 2019 the City has no LID default actions outstanding. The one default action noted in our 2017 Financial Notes was paid by the property owner in 2018 and removed from the LID assessment role.

B. Lakehaven Water & Sewer District filed suit in April 2018 against the City claiming an exemption to a March 2018 imposition of a Utility Tax. The City estimates that should Lakehaven prevail, the City would lose approximately \$4,000 in Utility Tax Revenue, and not be reimbursed for legal fees to contest the suit. The City has a high confidence the suit will be dismissed and the imposition of the tax will prevail. The City does not consider the cost or loss of revenue to be material to its operation going forward.

C. Personnel Changes: The City has experienced exponential growth in building activity throughout 2018. Addition to the inspection and planning personnel complement have brought the total FTE count to 20.43. The City intends to continue to hire for the increased work load in 2019 estimating the FTE headcount to stabilize at 23.43.

D. Construction Commitments: The City bid and completed a parking lot project and a small catering kitchen at City Hall with a total cost of approximately \$200,000. The project was listed in our Capital Improvement Plan and Comprehensive Plan as general Park Plan Improvements. The City had no active construction projects as of December 31, 2018

E. Mt. View Edgewood Water Company Franchise Agreement: The City of Edgewood has a long term Franchise Agreement with Mt. View Edgewood Water Company, a not for profit private corporation operating in the area since the early 1940's. Mountain View supplies between 70 and 80 percent of all City of Edgewood water uses. Other water uses include Lakehaven Water & Sewer District, the City of Milton, and various other private localized well systems.

F. East Pierce Fire & Rescue Lease: The City executed a three-year lease with East Pierce Fire & Rescue for a large open space used for office cubicles at City Hall. Estimated annual revenue is expected to be approximately \$48,000. The lease has two one year extensions that may be granted upon mutual approval.

G. B & O Utility Tax Imposed: On June 1, 2018 the City Council imposed a 6% B & O Utility Tax applicable to statutorily available utilities (Cable TV, Telephony, Water, Sewer, Surface Water, Garbage, Gas and Electric) operated or otherwise providing services to businesses and residences within the jurisdictional boundaries of the City. Initial rough estimates for annual revenue suggested collection to be approximately \$1,463,000. As of December 31, 2018, with approximately six months of revenue collected, the City has reported \$594,723 added to the general fund. The City's intent is to use the majority of the funding to add law enforcement personnel, general government personnel, reduce outstanding debt, and stabilize the cost of increased service levels for maintenance, facilities, and IT with a sustained reliable source.

City of Edgewood

Community Development Director, Darren Groth	☐		
Public Works, Jeremy Metzler	☐		
Police Chief, Micah Lundborg	☐		
Fiscal Note/Consideration: N/A			
SUMMARY STATEMENT: The Salary Commission was established by Ordinance 16-0470 with the purpose of moving the decision setting the elected official pay rates to a group of residents in the community, eliminating any appearance of conflict by Council needing to do it themselves. The ordinance also calls for the Salary Commission to assess the competitive nature of the staff salary schedule, an exercise that consumes the bulk of their annual effort. The goal is to evaluate existing pay rates on the current schedule with other cities, against CPI and other financial indices, to determine what changes need to be made, if any, to keep staff salaries competitive. An evaluation of pay rates for similar jobs in cities Edgewood is competing directly with, together with a review of the City's overall retention strategy is specifically designed to provide the Council an unbiased opinion of what the next annual budget salary schedule should be. This provides Council solid information related to retention and recruitment for reviewing headcount costs, levels of service, program planning and revenues for the upcoming budget year. In 2018 several positions were vacated use to expiration of terms or appointment to the City Council. Please see attached Proposed Membership Roster including the three new appointments by the Mayor, for Council consideration of confirmation.			
COUNCIL COMMITTEE REVIEW AND RECOMMENDATION: N/A			
RECOMMENDED ACTION: Hold a discussion on the Mayor's appointment of three vacant Salary Commission positions for Council confirmation. Provide the Mayor with guidance on bringing the appointments forward to the July 9th Regular Council Meeting.

Fiscal Note/Consideration: N/A				
SUMMARY STATEMENT: The newly seated Economic Development Advisory Board (EDAB) has seven members with varying term expiration dates. Positions 1-3 expired on June 30, 2019 and the current members agreed to serve another term. While each member requires Mayoral appointment and City Council confirmation, the EDAB did meet on July 1, 2019 with each member agreeing to stay in their positions. This agenda item is intended to complete the official confirmation process for the members in Positions 1-3. Once confirmed, Scott Kilmer (Position 1), Andrew Wiesenfeld (Position 2), and Lora Butterfield (Position 3 and the current Chair) will extend their terms to June 30, 2021.				
COUNCIL COMMITTEE REVIEW AND RECOMMENDATION: N/A				
RECOMMENDED ACTION: Hold a discussion on the reappointment of EDAB members whose terms ended on June 30, 2019.

Fiscal Note/Consideration: N/A				
SUMMARY STATEMENT: During multiple meetings, the Planning Commission discussed and guided staff on a possible revised sign code. On March 11, 2019, the Planning Commission gave staff their direction on a couple of items and asked the final draft version to be presented during the Planning Commission's April meeting. The drafted code is a model ordinance that has been used in various other municipalities. The Edgewood Municipal Code (EMC) does not currently regulate signage like the model code, which is easier to read and includes pictures and tables for quick reference. Since meeting with the Planning Commission in April, staff conducted a SEPA review, shared the draft with the Department of Commerce, and posted notice of the hearing. The Planning Commission's May meeting was cancelled; however, the Commission did take action during their June meeting and is forwarding their recommendation to City Council for this first study session discussion. On June 18, 2019, City Council held a study session discussion on the sign code draft recommended from the Planning Commission. The Council's discussion resulted in a couple of items that need revision. On June 25, 2019, City Council conducted a public hearing on this proposed amendment to the Edgewood Municipal Code (EMC). The draft amendment presented at the public hearing was the same draft forwarded from the Planning Commission, since this draft was the one made available to the public when the hearing was announced. This agenda item for the July 2, 2019 study session includes the modifications requested through the public hearing process, which includes: 1. Clarification for the allowance of digital signs. For this item, no code language was modified. Instead, this issue is included to clarify that a digital sign is allowed in all zoning districts in the manner in which this technology can be applied to the sign types otherwise allowed in the sign code. Digital signs are not a separately allowed sign type and this sign type in TC, C, MUR, BP, I, and P zoning districts have additional specific conditions. The allowance for a digital sign in a residential zoning district is limited to parcels greater than two (2) acres and only one sign is allowed per parcel. These sign types will not typically advertise for home businesses because the Home Occupation Certificate does not enable signage. Other uses, e.g., a church, school, or daycare, that are permitted in residentially zoned districts would be able to erect a digital sign, as proposed and vetted by the Planning Commission.				

2. The nit allowance for Electronic Message Center Signs (EMCS) was revised to 50 nits in order to meet the same allowance for other digital signs. The nit, as you may recall, is a term used to measure luminance.
3. Figure numbers and any corresponding references were updated.

COUNCIL COMMITTEE REVIEW AND RECOMMENDATION:

On June 11, 2019, the Planning Commission recommended APPROVAL, as presented in the City staff report of the proposed changes to the EMC pertaining to the sign code.

RECOMMENDED ACTION:

Hold a discussion and provide staff direction in anticipation of the upcoming final action for the new Chapter 18.97 – Sign Code to the Edgewood Municipal Code.

ORDINANCE NO. 19-0XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EDGEWOOD, WASHINGTON, RELATING TO LAND USE AND ZONING, REPEALING ALL EXISTING DEVELOPMENT REGULATIONS RELATING TO SIGNS, ADOPTING A NEW SIGN CODE, IDENTIFYING EXEMPTIONS, PROHIBITED SIGNS, DEFINITIONS, REQUIRING SIGN PERMITS FOR CERTAIN SIGNS, ESTABLISHING A PROCEDURE FOR PROCESSING OF SIGN PERMITS, SIGN VARIANCES AND EXCEPTIONS, IDENTIFYING THE SIGN TYPES, ESTABLISHING REGULATIONS WHICH LIMIT THE SIGN TYPES TO CERTAIN ZONES, LIMITING THE HEIGHT, SETBACKS, AREA AND OTHER DIMENSIONAL STANDARDS FOR SIGNS, REQUIRING MAINTENANCE OF SIGNS, DESCRIBING NONCONFORMING SIGNS AND PROVIDING FOR ENFORCEMENT, REPEALING SECTION 18.90.160 AND ADDING A NEW CHAPTER 18.97 TO THE EDGEWOOD MUNICIPAL CODE.

WHEREAS, in the City’s existing Sign Code in Edgewood Municipal Code Section 18.90.160, the types of signs that are allowed in various zones are defined by reading the sign (*i.e.*, “construction project signs” and “business” signs are allowed in single-family and mixed residential zones, and subjected the different types of signs to different restrictions); and

WHEREAS, the U.S. Supreme Court held, in *Reed v. Town of Gilbert*,¹ held that content-based laws (those that target speech based on the communicative content) are presumptively unconstitutional; and

WHEREAS, in *Reed*, the U.S. Supreme Court held that a Town’s sign code, which subjected ideological signs to certain restrictions, subjected political signs to greater restrictions and subjected temporary directional signs relating to events to even greater restrictions violated free speech guarantees, even if the Town had a compelling governmental interest in preserving the Town’s aesthetic appeal and traffic safety; and

WHEREAS, the City of Edgewood seeks to adopt a content-neutral sign code, consistent with *Reed* and other relevant court cases; and

WHEREAS, the City’s Responsible Official has determined that this Ordinance is categorically exempt from SEPA under WAC 197-11-800(19); and

¹ 135 S.Ct. 2218, 192 L.Ed.2d 236 (2015).

WHEREAS, the City sent a draft of this Ordinance to the Washington State Department of Commerce, as required by RCW 36.70A.106; and

WHEREAS, the City Planning Commission held a public hearing on this Ordinance on May 13, 2019, and sent its recommendation to the City Council; and

WHEREAS, the Council considered this Ordinance during its _____, 2019 study session; and

WHEREAS, the Council considered this Ordinance during its regular City Council meeting of _____, 2019;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EDGEWOOD, WASHINGTON, HEREBY ORDAINS AS FOLLOWS:

Section 1. The City Council does hereby repeal Section 18.90.160 of the Edgewood Municipal Code.

Section 2. The City Council hereby adopts a new Chapter 18.97 to the Edgewood Municipal Code, entitled the “Sign Code.” This new Chapter 18.97 is attached hereto as Exhibit A, and is incorporated herein by this reference.

Section 3. Severability. If any section, sentence, clause or phrase of this Ordinance should be held to be unconstitutional or unlawful by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any other section, sentence, clause or phrase of this Ordinance.

Section 4. Publication. This Ordinance shall be published by an approved summary consisting of the title.

Section 5. Effective Date. This Ordinance shall take effect and be in full force and effect five days after publication, as provided by law.

ADOPTED THIS ___th day of _____, 2019.

Daryl Eiding, Mayor

ATTEST:

Rachel Pitzel, City Clerk

APPROVED AS TO FORM:

City Attorney

- 18.97.200 Portable Signs.
- 18.97.210 Projecting Signs.
- 18.97.220 Service Island Signs.
- 18.97.230 Sign Walkers.
- 18.97.240 Temporary Signs – Table 2.
- 18.97.250 Window Signs.

Part IV. Permitting.

- 18.97.260 Sign Permits.
- 18.97.270 Master Sign Plans
- 18.97.280 Sign Variances.
- 18.97.290 Nonconforming Signs, Maintenance, Removal and Enforcement.

Part V. Definitions.

- 18.97.300 Definitions.

18.97.010 Intent and Purpose.

A. Intent. Signs have a strong visual impact on the character and quality of the community. As a prominent part of the scenery, they attract or repel the viewing public, affect the safety of vehicular traffic, and their suitability or appropriateness helps to set the tone for the neighborhood. The City relies upon its scenery and physical beauty to attract commerce, aesthetic considerations assume economic value. It is the intent of the City, through this Chapter, to protect and enhance the City's historic and residential character and its economic base through the provision of appropriate and aesthetic signage. In addition, it is the intent of the City to limit the size, type and location of signs in order to minimize their distracting effect on drivers and thereby improve traffic safety.

B. Purpose. The purpose of this Chapter is to promote the public health, safety and welfare through a comprehensive system of reasonable, effective, consistent, content-neutral and nondiscriminatory sign standards and requirements. This Chapter has also been adopted to:

1. Promote and accomplish the goals, policies and objectives of the City's Comprehensive Plan and Zoning Code;
2. To provide minimum standards in order to safeguard life, health, property and public welfare, and promote traffic safety by controlling the design, quality of materials, construction, illumination, size, location and maintenance of sign and sign structures;
3. Recognize free speech rights by regulating signs in a content-neutral manner;
4. Promote the free flow of traffic and protect pedestrians and motorists from injury and property damage caused by, or which may be fully or partially attributable to, cluttered, distracting, or illegible signage;
5. Protect the beauty of the City's built environment by encouraging signs that are compatible with the architectural style, characteristics, and scale of the building to which it may be attached, and to encourage signs that are compatible with adjacent buildings and businesses;
6. Protect property values, the local economy, and the quality of life by preserving and enhancing the appearance of the streetscape;
7. Provide consistent sign design standards;
8. Encourage creative and innovative approaches to signage, and signs that are of a quality design, pleasing in appearance and are appropriate in size, materials and illumination to the surrounding neighborhood;
9. Provide an improved visual environment for the citizens of and visitors to the City;

10. Adopt clear, understandable regulations which enable the fair and consistent enforcement of this Chapter; and

11. Address emerging trends in digital and electronic sign technologies and provide regulations that facilitate the use of such technologies while ensuring for the protection of motorists and pedestrians from the hazards of glare, startling bursts of light, and use of virtual movement and animation intended to attract driver attention, hold driver gaze, or otherwise distract drivers from the safe operation of their vehicles. Protect neighborhoods, surrounding development, and the night sky from the nuisance factors associated with such glare, movement, and animation of digital and electronic signs.

18.97.020 Applicability and Interpretations.

A. This Chapter applies to all signs, as defined in Section 18.97.300 Definitions, within the City that are visible or audible from any street, sidewalk, or public place, regardless of the type or nature.

B. This Chapter is not intended to, and shall not be interpreted to, restrict speech on the basis of its content, viewpoint, or message. Any classification of signs in this Chapter which purports to permit speech by reason of the type of sign, identity of the sign user or otherwise, shall be interpreted to allow commercial or non-commercial speech on the sign. No part of this Chapter shall be construed to favor commercial speech over non-commercial speech. To the extent that any provision of this Chapter is ambiguous, the term shall be interpreted not to regulate speech on the basis of the content of the message.

C. Nothing in this Chapter shall be construed to prohibit a person from holding a sign while picketing or protesting on public property that has been determined to be a traditional or designated public forum, e.g., a sidewalk or park, so long as the person holding the sign does not block ingress and egress from buildings; create a safety hazard by impeding travel on sidewalks, in bike or vehicle lanes, or on trails; or violate any other reasonable time, place, and manner restrictions adopted by the City. (See Section 18.97.230, Sign Walkers.)

18.97.030 Exemptions. The following signs or activities relating to signs are not subject to the permitting requirements of this Chapter, as long as they meet the standards set forth below.

A. Changes to the face or copy of changeable copy signs, digital signs, or electronic message center signs, provided such changes do not change the material, appearance, size, or dimensions of the sign as originally permitted by the City.

B. The normal repair and maintenance of conforming or legal nonconforming signs.

C. Temporary signs meeting the requirements in Section 18.97.240 (Temporary Signs).

D. Building Identification Signs that meet one or more of the following four criteria:

1. Signs not exceeding one (1) square foot in area for residential buildings, or not exceeding two (2) square feet in area for nonresidential buildings.

2. Business name and address signs on an entry door that do not exceed two (2) square feet in area.

3. Certain stone or cement plaques and cornerstones with engraved or cast text or symbols that are permanently embedded in the building's foundation or masonry siding materials, provided that none of these exceed four (4) square feet in area.

4. Other building identification signs meeting these requirements as required pursuant to the City's Building or Zoning Code, Public Works Standards, or any other City or State regulation.

E. Governmental signs. Signs installed by the City, County, or a federal or State governmental agency for the protection of the public health, safety, and general welfare, including, but not limited to, the following:

1. Emergency and warning signs necessary for public safety or civil defense;
2. Traffic or wayfinding signs erected and maintained by an authorized public agency;
3. Signs required to be displayed by law;
4. Signs showing the location of public facilities; and
5. Any sign, posting, notice, or similar sign placed by or required by a governmental agency in carrying out its responsibility to protect the public health, safety, and general welfare.

F. Flags. Any flags, provided that they conform to all provisions of this chapter for signs.

G. Interior signs. Signs or displays located entirely inside of a building and located at least three (3) feet away from transparent doors and windows.

H. Non-discernable signs. Signs and associated sign support structures that are not visible, odorous, or audible beyond the boundaries of the lot or parcel upon which they are located, or from any public right-of-way.

I. Vehicle Signs. Any sign on a vehicle not prohibited by EMC Section 18.97.040(I) and placed in accordance with EMC Section 18.97.070(B).

J. Temporary signs in windows. Any temporary sign taped or otherwise affixed to the inside of a window, in such a manner as to be easily removed, provided that the total area of such sign in any one window does not exceed the size limitations in Section 18.97.250 (Window Signs) and Section 18.97.240 (Temporary Signs).

K. Bench signs. Any outdoor bench or furniture with any signs, other than plaques, that do not exceed one (1) square foot in area.

L. Private signs. Privately-maintained traffic control signs in a subdivision with private roads or privately-maintained traffic control signs in a private parking lot.

Section 18.97.040 Prohibited Signs. No person shall erect, alter, maintain, or relocate any of the following signs in the City.

A. *Animated signs.* Rotating or revolving signs, or signs where all or a portion of the sign moves in some manner. This includes any sign animated by any means, including fixed aerial displays, balloons, pennants, spinners, propellers, whirling, or similar devices designed to flutter, rotate or display other movement under the influence of the wind, including flag canopies not otherwise allowed in Section 18.97.150 (Awning or Canopy Signs), streamers, tubes, or other devices affected by the movement of air or other atmospheric or mechanical means. This does not include historic signs and historic replica signs where the applicant is able to prove, through documentation or other evidence, that the original historic sign produced the same motion or movement and is proposed in the same location.

B. *Rotating signs.* Any sign in which the sign body or any portion rotates, moves up and down, or any other type of action involving a change in position of the sign body or any portion of the sign, whether by mechanical or any other means.

C. *Nuisance signs.* Any signs which emits smoke, visible particles, odors or sound, except that speakers in drive-through facilities shall be permitted in accordance with any other applicable restrictions in the Edgewood Municipal Code (EMC).

D. *Bench or furniture signs.* Any sign on a bench or other furniture that is greater than one (1) square foot in area.

E. *Flashing signs or lights.* A sign that contains an intermittent or flashing light source, or a sign that includes the illusion of intermittent or flashing light by means of animation, or an externally mounted intermittent light source. Flashing light sources are prohibited. Signs with an exposed light source, exceeding the equivalent of 25-watts per lamp, including clear light bulbs which do not flash on a theater marquee except for neon incorporated into the design of the sign, are also prohibited. Electronic message center signs and digital signs are allowed under the provisions of Sections 18.97.110 (Digital Signs) and 18.97.120 (Electronic Message Center Signs).

F. *Hazardous signs.* Any sign that constitutes a traffic hazard or detriment to traffic safety by reason of its size, location, movement, or method of illumination, or by obstructing the vision of drivers, or by distracting from the visibility of an official traffic control device by diverting or tending to divert the attention of drivers or moving vehicles from traffic movements on streets, roads, intersections, or access facilities. No sign shall be erected so that it obstructs the vision of pedestrians or by glare or method of illumination constitutes a hazard to pedestrians or traffic. No sign may interfere with, mislead, or confuse traffic.

G. *Impeding Signs.* Any sign that impedes free ingress and egress from any door, window, or exit way required by building and fire regulations.

H. *Permanent signs or signs posted or carried on portable, non-motorized or motorized wheeled vehicles that are placed on vacant lots, parcels, or easements.* Any permanent sign located on a vacant lot, parcel, or easement. Signs may only be established as an accessory use to a principally permitted use and may not be the principal use of a lot, parcel, or easement.

I. *Certain Movable Signs.* Portable, non-motorized wheeled vehicles or motorized, wheeled vehicles containing or carrying signs that are: (1) for the primary purpose of advertising; (2) not permanently affixed (painted directly on the body of the vehicle or applied as a decal); (3) that extend beyond the overall length, width or height of the vehicle; and (4) parked on any public street within City limits.

J. *Abandoned signs.* Any sign that meets the definition of “Abandoned sign” in Section 18.97.300.

K. *Support Signs.* Any sign tacked, painted, burned, cut, pasted, or otherwise affixed to utility poles, fences, poles, trees, rocks, posts, ladders, or similar supports visible from public rights-of-way.

L. *Off-site controlled signs.* Any sign that is programmed or controlled off-site.

M. *Roof mounted signs.* A sign mounted on, and supported by, the main roof portion of a building, or above the uppermost edge of a parapet wall of a building and that is wholly or partially supported by such a building.

N. Except as permitted with a City street-use-permit or otherwise specifically authorized in this chapter, signs may not be placed within, on, or projecting over a City right-of-way or within, on, or over other City property.

Section 18.97.050 Sign illumination.

A. General. No temporary sign may be illuminated. No sign located in a residential zone may be illuminated, except that on parcels two (2) acres in size or greater, signs may be halo illuminated or illuminated as necessary for allowable digital signs. Permanent signs allowed by this Chapter may be non-illuminated, or illuminated by internal light fixtures, halo illuminated, or have external indirect illumination, unless otherwise specified. All illuminated signs shall comply with the time limitations of Subsection 18.97.050(D) below.

B. Externally illuminated signs.

1. Except as provided in this Subsection, externally illuminated signs shall be illuminated only with steady, stationary, fully-shielded light sources directed solely onto the sign without causing glare. Light shielding shall ensure that the lamp or light source is not visible beyond the premises and shall further ensure that the light is contained within the sign face.

2. A light fixture mounted above the sign face may be installed with its bottom opening tilted toward the sign face, provided:

(a) The bottom opening of the light fixture is flat, i.e., it could be covered by a flat board allowing no light to escape; and

(b) The uppermost portion of the fixture's opening is located no higher than the top of the sign face, as shown in Figure 1 below. Light fixtures aimed and installed in this fashion shall be considered fully shielded.

Figure 1

C. Internally illuminated signs.

1. Internally illuminated signs shall be constructed with an opaque sign face background with translucent text, symbols, logo shields, or any combination of these. If the sign owner desires to have the entire sign face visible at night, an external light source may be used to illuminate the sign, subject to the illumination standards in this Chapter.

2. In no case may an internally illuminated sign, a digital sign, or an electronic message center sign exceed a light output of 50 nits in a residential zone or 100 nits in a non-residential zone during nighttime hours.

3. Neon sign lighting is allowed only within the TC, C, MUR, BP, I, and P zoning districts. Neon lighting shall not exceed 100 nits per sign face and may be used as text or copy, but shall not be used as a sign graphic. Neon signs with solid backgrounds are not allowed in windows in order to ensure maximum light and visibility through windows. Examples of neon signs are shown in Figures 2a and 2b below.

Figure 2a (Allowed)

Figure 3b (Prohibited)

D. Time limitations. All illuminated signs over three (3) square feet in area shall be turned off by 11:00 p.m., or when the business closes, whichever is later. Signs subject to time limitations are required to have functioning and properly adjusted automatic shut-off timers.

Section 18.97.060. Sign Materials.

A. Temporary signs. The construction of temporary signs is limited to the materials described in the definition of Temporary Sign in Section 18.97.300 - Definitions. In addition, the temporary sign must also conform to the requirements of this Chapter, including, but not limited to Section 18.97.240 - Temporary signs.

B. Permanent signs. Permanent signs must be manufactured of durable materials that are designed to withstand the natural elements and the effects of water and wind (see, Figures 3 and 4). The following additional requirements apply to any permanent sign larger than thirty (30) square feet, except for window signs located inside glass:

1. Paper-faced signs, including vinyl-coated paper and those applied with adhesives, are not allowed. Canvas or vinyl signs must be made of minimum twenty (20) oz. materials with polymeric plasticizers for durability.

2. Sign faces made of canvas, fabric, vinyl, or similar pliable materials that are attached to permanent sign structures must be mounted behind a perimeter frame or trim cap so that the edges of the sign face are not exposed. Flags made of 100 percent spun polyester are exempt from this requirement.

Figure 4

Figure 5

Section 18.97.070. Sign Placement and Location Restrictions.

A. Rights-of-way. No sign may be placed within the Roadway portion of any City Right-of-Way, except as otherwise permitted by first obtaining a Street Use permit or a Special Event permit from the City. No permanent sign may be placed within the Right-of-Way. See Section 18.97.240(F) – Temporary Signs, for restrictions on temporary signs within the Right-of-Way but outside the Roadway.

B. Attached to vehicles on private premises. No sign may be mounted, attached, or painted on a trailer, boat, or motor vehicle that is parked, stored, or displayed conspicuously on private premises in a manner intended to attract the attention of the public, excluding signs that are permanently painted or wrapped on the surface of the vehicle, or adhesive vinyl film affixed to the interior or exterior surface of a vehicle window, or signs magnetically attached to motor vehicles or rolling stock that are actively used in the daily conduct of business, (see Figure 5). All vehicles covered by this paragraph shall be operable and parked in a lawful or authorized manner within a required parking stall that is marked and striped for the parking of vehicles.

Figure 6

Signs on Vehicles Used for Business Purposes

C. Attached to other fixtures. No sign may be painted, attached, or mounted on any fuel tanks, storage containers, or solid waste receptacles or their enclosures, except for information that is required by law.

D. Freeway-oriented signs. Freeway-oriented signs are prohibited, except in the following instances:

1. Building mounted wall signs (Section 18.97.160), Window signs (Section 18.97.250) and Temporary signs (Section 18.97.240) as otherwise allowed by this Chapter may face the freeway if:

(a) they are installed by a business that has its primary customer entrance facing the freeway; and

(b) the wall, window or temporary sign also faces an intervening parking lot or frontage road that serves the business.

2. Free-standing signs as otherwise allowed by this Chapter may be permitted for businesses located on and facing frontage roads along freeways, even if such signs are incidentally visible from the freeway.

Section 18.97.080 Sign Area Measurements. Sign area for all sign types is measured as follows:

A. Background panel or surface. Sign copy mounted, affixed, or painted on a background panel or surface distinctively painted, textured, or constructed as a background for the sign copy, is measured as that area contained within the smallest rectangle, parallelogram, triangle, or circle that will enclose the sign copy and the background, as shown in Figure 6.

Figure 7

B. Individual letters or graphics. Sign copy mounted as individual letters or graphics against a wall, fascia, mansard, or parapet of a building or surface of another structure, that has not been painted, textured, or otherwise altered to provide a distinctive background for the sign copy, is measured as the sum of the smallest square, rectangle, parallelogram, triangle, or circle that will enclose every word, sentence, and complete message, and each graphic in the sign.

C. Illuminated surface. Sign copy mounted, affixed or painted on an illuminated surface or illuminated element of a building or structure, is measured as the entire illuminated surface or illuminated element, which contains sign copy, as shown in Figure 7. Such elements may include, but are not limited to, illuminated canopy fascia signs, interior illuminated awnings, or both.

Figure 8

D. Backlit translucent panels. Backlit translucent panels and spandrels, with or without text or graphics, are measured as the area of the height and width of any internally illuminated translucent panel or spandrel, including the side panels if the structure or spandrel is greater than six (6) inches in width.

E. Multi-face signs. Multi-face signs, as shown in Figure 8, are measured as follows:

1. Two face signs: If the interior angle between the two sign faces is forty-five (45) degrees or less, the sign area is of one sign face only. If the angle between the two sign faces is greater than forty-five (45) degrees, the sign area is the sum of the areas of the two sign faces.
2. Three or four face signs: The sign area is fifty (50) percent of the sum of the areas of all sign faces.
3. Spherical, free-form, sculptural or other non-planar sign area is measured as fifty (50) percent of the sum of the areas using only the four (4) vertical sides of the smallest four (4) – sided polyhedron that will encompass the sign structure, as show in Figure 8 below. Signs with greater than four polyhedron faces are prohibited.

Figure 9

Section 18.97.090 Sign Height measurement. Sign height is measured as follows:

A. Freestanding signs. Sign height is measured as the vertical distance from natural grade at the base of a sign to the top of the sign, including the sign support structure; except that signs within twenty-five (25) feet of an adjacent road may be measured as follows:

1. If natural grade at the base of a sign is higher than the grade of the adjacent road, sign height shall be measured from the base of the sign as shown in Figure 9.

Figure 10

2. If natural grade at the base of the sign is lower than the grade of an adjacent road, the height of the sign shall be measured from the top of curb or road-grade elevation, provided that fill is placed between the curb and the sign and extends at least five (5) feet beyond the base of the sign in all directions, as shown in Figure 10. Any cut, fill, or grading work must comply with applicable site grading, fill, or excavation requirements contained elsewhere in the EMC.

Figure 11

Section 18.97.100 Sign Structure and Installation.

- A. Support elements. Any angle iron, bracing, guy wires, or similar features used to support a sign shall not be visible.
- B. Electrical service. When electrical service is provided to freestanding signs or landscape wall signs, all such electrical service is required to be underground and concealed. Electrical service to building mounted wall signs, including conduit, housings, and wire, shall be concealed. A building permit (electrical) must be issued prior to the installation of any new signs requiring electrical service.
- C. Raceway cabinets. Raceway cabinets, where used as an element of building mounted wall signs, shall match the building color scheme at the location of the building where the sign is located. Where a raceway cabinet provides a contrast background to sign copy, the colored area is considered part of the sign face and is counted in the aggregate sign area permitted for the site or business. Examples of raceway cabinets are shown in Figure 11.

Figure 12

- D. Limitation on attachments and secondary uses. All permitted sign structures and their associated landscape areas shall be kept free of supplemental attachments or secondary uses including, but not limited to, supplemental signs not part of a permitted sign, light fixture, newspaper distribution racks, or trash container. The use of sign structures and associated landscape areas as bicycle racks or support structures for outdoor signs is prohibited.

Section 18.97.110 Digital Signs. A Digital Sign is not a separately allowed sign type. The purpose of this section is to regulate the manner in which digital sign technology can be applied to sign types that are otherwise allowed in this Chapter. This section is not intended to allow more signs or larger signs than otherwise permitted in this Chapter. No permit shall be issued for a Digital Sign that does not comply with the following standards:

- A. Zoning: Allowed in all zoning districts.
- B. Number: One Digital Sign per one hundred (100) feet of street frontage in the TC, C, MUR, BP, I, and P zoning districts. One Digital Sign per one hundred (100) feet of street frontage in residential zones on parcels two (2) acres or greater in size, not to exceed one (1) sign per parcel.
- C. Setback Location: As allowed under the specific sign type; however, a minimum separation spacing in the TC, C, MUR, BP, I, and P zoning districts of one hundred (100) feet is required in order to comply with B above.
- D. Size and Area: Maximum of thirty (30) square feet, or as otherwise limited by the size limits of this chapter.
- E. Height: As allowed under the specific sign type.
- F. Design: Maximum luminance: Fifty (50) nits during nighttime hours. Motion limits: No motion allowed except for instantaneous change of message. Minimum hold between messages: eight (8) seconds.
- G. Programming: to ensure that digital signs are programmed and continue to operate according to local standards, digital signs shall be designed for local on-site control and programming.

Section 18.97.120 Electronic Message Center Signs (EMCS). An EMCS is not a separately allowed sign type. The purpose of this section is to regulate the manner in which EMCS technology can be applied to sign types that are otherwise allowed in this Chapter. This section is not intended to allow more signs or larger signs than otherwise permitted in this Chapter. No permit shall be issued for an EMCS that does not comply with the following standards:

- A. Zoning: Only allowed in the TC, C, MUR, BP, I, and P zoning districts.
- B. Number: One EMCS per one hundred (100) feet of street frontage, not to exceed one (1) per business or tenant space. Parcel area must meet or exceed one acre and contain at least one hundred (100) feet of contiguous street frontage to allow an EMCS.
- C. Setback Location: As allowed under the specific sign type; however, a minimum separation spacing of one hundred (100) feet is required in order to comply with B above.
- D. Size and Area: Maximum of thirty (30) square feet, or as otherwise limited by the size limits of this chapter.

- E. Height: As allowed under the specific sign type.
- F. Design: Maximum Luminance
1. Daytime: 5000 nits.
 2. Nighttime: 50 nits.
 3. Signs shall include auto-dimming features with light-sensory capabilities to dim the sign to allowable luminance levels during nighttime hours.
- G. Motion limits: No motion except for a fade in of the next message with the fade transition being no more nor less than 1.5 seconds. Fade transition is required rather than instantaneous message changes to avoid sudden or startling flashes of light. The minimum hold between messages shall be ten (10) seconds, plus 1.5 seconds for a transition fade. Signs shall have no flashing copy or lights; revolving beacon lights; chasing, blinking, or stroboscopic lights; or, fluttering, undulating, swinging, or otherwise moving parts.
- H. Programming. To ensure that EMCS's are programmed and continue to operate according to local standards, EMCS's shall be designed for local on-site control and programming. The applicant shall provide a written certificate from the sign manufacturer that the nighttime light intensity has been factory pre-set not to exceed allowable levels under this Section, and that this setting is protected from end-user modification by password-protected software or other method that ensures compliance.

Section 18.97.130 Permanent Signs. Permanent Signs shall comply with the sign area, height, number, type, and other requirements of this Section and any other applicable sections, as well as the following Table 1 in this Section.² Sign permits are required for all permanent signs in accordance with Section 18.97.260 (Sign Permits).

Table 1 – Standards for Permanent Signs by Sign Type.

Type	Zone	Number of Signs	Maximum Height (feet)	Maximum Area (sq. ft.)	Setbacks
Accessory Sign (18.97.140)	Only allowed in the TC, C, MUR, BP, I, and P zoning districts	1 sign at each vehicle ingress or egress, no more than 4 accessory signs per parcel	Building-mounted max of 8 feet; freestanding max of 3 feet from grade	3 sq. ft. per sign face; may be double sided	Flexible, see 18.97.140
Accessory Sign -- Drive	Only allowed in the TC, C,	In addition to other	5.5 ft., including the	45 sq. ft. per drive-	Signs shall be oriented

² This table presents the sign standards in an abbreviated format for the reader's convenience. To the extent that there may be a conflict between this table and the text of the code, the text of the code provision relating to the individual sign type shall prevail.

Through, Large (18.97.140)	MUR, BP, I, and P zoning districts	Accessory Signs, one Large Accessory Sign for each point of entry to a drive-up window	associated sign structure	up point of entry	so that the sign face is not visible from the public right-of-way
Awning or Canopy Sign (18.97.150)	Only allowed in the TC, C, MUR, BP, I, and P zoning districts	1 awning sign for each primary entrance to a tenant space, see Section 18-97.150 for secondary entrances	Awning sign can't be mounted higher than a maximum of 25 ft. above the ground floor	On primary elevation, sign shall not exceed 1 sq. ft. of sign per linear foot of awning or canopy width	Cannot project beyond the edges of the awning on which it is displayed. Cannot project above, below, or beyond the edges of the building wall on which it is located
Building Mounted Wall Signs (18.97.160)	Residential Parcels larger than 2 acres in any zoning district	One per each building façade on an accessory structure, e.g., barn that is parallel to and visible from a street frontage	Shall not project above roof lines or obscure architectural details and may not exceed 70% of the blank wall height.	50 sq. ft. , but cannot exceed 3% of the area of the façade of building where sign is mounted	Mounted on building that must comply with setbacks
Building Mounted Wall Signs (18.97.160)	In the TC, C, MUR, BP, I, and P zoning districts	One per each building façade that is parallel to and visible from a street frontage	Shall not project above roof lines or obscure architectural details and may not exceed 70% of the blank wall height.	Up to 5% of the area of the façade upon which sign is placed, not to exceed 60% of the width of	Mounted on building that must comply with setbacks

				wall plane or tenant space	
Changeable Copy Signs (18.97.170)	In all zoning districts	1 per parcel but 1 additional sign allowed if placed 100 ft. from right-of-way and other restrictions	15 ft. maximum	No more than 20% of the allowed wall sign area or 50% of a free standing sign may be changeable copy; if at least 100 ft. from streets, may be a max of 50% of wall sign area	If building mounted, building must comply with setbacks, if freestanding, sign must comply with setbacks for freestanding signs.
Freestanding Signs (18.97.180)	TC, C, MUR, BP, I, and P zoning districts) ³	See code – one for each site frontage.	See code – depending on street frontage, 6 to 15 feet	See code – depending on street frontage, 20 to 100 sq. ft.	5 ft. from street property line, 25 ft. from any interior side lot line; and 30 feet from any residential zone
Ground-mounted or Landscape Wall Signs (18.97.190)	Allowed in all zones but not allowed on individual single-family lots	One per development	4 feet max. from grade	Between 24 sq. ft. to 32 sq. ft., see 18.97.190.	at least 5 ft. from street property line, 25 ft. from any interior side lot line

³ See Section 19.97.230 for temporary freestanding signs, which are allowed in residential areas.

Portable Signs (18.97.200)	Only allowed in the TC, C, MUR, BP, I, and P zoning districts	1 per business or tenant space	Sandwich board signs, max. of 4 ft. in height; pole-mounted signs, max of 5 ft. in height	Sandwich board signs, 3 ft. in width; pole-mounted, 2 ft. in width	Must be located no further than 10 ft. from primary building of business; prohibited on City right-of-way, sidewalk without Street Use permit
Projecting Signs (18.97.210)	All zoning districts	1 per tenant space or building frontage, allowed in addition to wall signage	No higher than the first story level of the building; no lower than 8 ft. above the grade of sidewalk, walkway or driveway	Non-residential zones: can't exceed 12 sq. ft.; Residential zones: face of sign can't exceed 1.5 sq. ft. in area	Must be attached to building which complies with setbacks, may extend a max. of 4 ft. from building and hung a minimum of 6 inches from building
Service Island Signs (18.97.220)	Only allowed in the TC, C, MUR, BP, I, and P zoning districts	1 sign on canopy fascia per street frontage, not to exceed 20% of area of canopy fascia	See building mounted wall sign requirements	20% of area of canopy fascia to which sign is mounted	Mounted on building that must comply with setbacks
Sign Walker (18.97.230)	Only allowed in the TC, C, MUR, BP, and I zoning districts	No limit	Shall not exceed 8 ft. in height when held in place	8 sq. ft. in area	Minimum of 30 feet from street intersection; prohibited on public property or public right-

					of-way, in driveways, parking stalls, driving lanes, etc.
Window Sign⁴ (18.97.250)	All zoning districts	No more than one permanent window sign per window	No higher than 2 nd story windows for permanent window signs	Shall not exceed 25% of area of window in which sign is displayed	Building in which window sign is displayed must comply with setbacks

Section 18.97.140 Accessory Signs. No permit shall be issued for an accessory sign which does not comply with the following standards:

- A. Zones. Only allowed in the TC, C, MUR, BP, I, and P zoning districts.
- B. Number. A maximum of one (1) sign at each vehicle point of entry or egress, not to exceed four (4) accessory signs per parcel.
- C. Setback Locations. Flexible, provided that the number of signs in Subsection B is not exceeded, and provided that the signs comply with setback standards for Freestanding signs in 18.97.180.
- D. Dimensions. Maximum sign area: three (3) square feet per face; may be double-sided.
- E. Height: Mounting height:
 - 1. Building Mounted Wall sign (Section 18.97.160): Maximum of eight (8) feet; must be flat against a wall of the building.
 - 2. Freestanding sign (Section 18.97.180): Maximum of three (3) feet from grade.
- F. Design. Non-illuminated or internal illumination only. Any accessory sign with electronic display must conform to all digital sign or EMCS standards in Sections 18.97.110 (Digital signs) or 18.97.120 (EMCS).

⁴ Window Signs may be permanent or temporary. This Table includes the regulations for permanent window signs.

Figure 13

G. Drive-Through Large Accessory Signs. In addition to the accessory signs allowed for vehicle points of entry and in addition to freestanding signs otherwise allowed under Section 18.97.170, large accessory signs are allowed for each point of entry to a drive-up window, subject to the following standards:

2. 1. Maximum sign size: thirty (30) square feet. Maximum sign height: Five (5) feet, six (6) inches, including the associated sign structure.

3. Orientation: Large accessory signs must be oriented so that the sign face is not visible from any public rights-of way.

4. Screening: All sides of large accessory signs must be screened from the view of the street or public right-of-way with landscaping or walls of brick, stone, or siding materials that match the principal walls of the building to which the sign applies. If landscaping is used for screening, it must provide full screening at maturity and must be large enough at planting to provide at least seventy (70) percent screening of the sign.

5. Audio. No sound or amplification may be emitted that is audible beyond the site.

Section 18.97.150 Awning or Canopy Signs. No permit shall be issued for an awning or canopy sign which does not comply with the following standards:

A. Zone. Only allowed in the TC, C, MUR, BP, I, and P zoning districts.

B. Number. One (1) awning or canopy sign is allowed for each primary entrance to a building or tenant space. In addition, one (1) awning or canopy sign may be allowed on a secondary entrance which faces a public street or on-site parking area. The awning or canopy sign may only be placed on the ground-floor level facade of the building. Awning or canopy signs shall be included in the calculations for allowable wall signage per façade.

C. Setback Location.

1. An awning or canopy sign may not be mounted higher than a maximum of twenty-five (25) feet above the ground floor.

2. An awning or canopy sign shall not project above, below, or beyond the edges of the face of the building wall or architectural element on which it is located.

3. No part of the sign, as a part of, or displayed on the vertical surface of an awning or canopy, shall project beyond the edges of the awning or canopy surface on which it is displayed. If an awning or canopy is placed on multiple store fronts, each business or tenant space is permitted signage no greater than sixty (60) percent of the store width or tenant space.

4. The awning or canopy shall not extend horizontally a distance greater than sixty (60) percent of the width of the awning, canopy, or valance on which it is displayed.

D. Dimensions. The sign area on the primary elevation shall not exceed one (1) square foot of sign area per linear foot of awning or canopy width. A maximum of forty (40) percent of an awning or canopy on which signage is proposed may be of an angle greater than sixty (60) degrees from horizontal.

Figure 14

E. Height. See subsection C (Setback/Location) above.

F. Design. If sign letters or logos are back-lit or internally illuminated, only the face area containing the letters or logos may be illuminated. The sign may also be externally illuminated as allowed by Section 18.97.050.

Section 18.97.160 Building Mounted Wall signs. No permit shall be issued for a building mounted wall sign which does not comply with the following standards:

A. Residential. Wall signs are not allowed on residential parcels smaller than two (2) acres in size in any zoning district, except for address numbers as required by law and building identification signs allowed by EMC Section 18.97.030.

1. Number: One (1) per each accessory building façade that is parallel to and visible from a street frontage.
2. Setback Location: permitted on the building wall of an individual building.
3. Dimensions: Total area shall not exceed one hundred (100) square feet or three (3) percent of the area of the façade upon which the sign is placed, whichever is less. Width: Not to exceed sixty (60) percent of the width of the wall plane upon which the sign is placed.

Figure 15

4. Height. Shall not project above roof lines or obscure architectural details and may not exceed 70 percent of the blank wall height.
5. Design. Non-illuminated only.

B. Non-residential Zones.

1. Number: One (1) per each building façade that is parallel to and visible from a street frontage.
2. Setback Location: Location on Building. Signs may not cover or obscure important architectural details of a building, such as stair railings, windows, doors, decorative louvers or similar elements intended to be decorative features of a building design. Signs must appear to be a secondary feature of the building façade.
3. Dimensions: Area: The total signage area may be up to five (5) percent of the area of the façade upon which the sign is placed. Width: Not to exceed sixty (60) percent of the width of the wall plane upon which the sign is placed or the width of the tenant space.
4. Size of Parcel or Site. No restrictions.
5. Height: Shall not project above roof lines or obscure architectural details and may not exceed 70 percent of the blank wall height.
6. Design:
 - a. Illumination, flush or tight mounted. All individual letter signs shall be installed to appear flush-mounted. If the letters are illuminated and require a raceway, the letters shall be installed tight against the raceway, which shall be painted to match the color of the surface to which the raceway is mounted. Where possible – especially on new construction – the raceway should be recessed to allow letters to be flush with the wall surface.
 - b. Where more than one (1) sign is allowed for a business, all signs shall be consistent in design, style, color, and method of illumination. Where there are multiple businesses or tenants on a site, all signs shall conform to a Master Sign Plan, consistent with Section 18.97.250.

Section 18.97.170 Changeable Copy Sign. No permit shall be issued for a changeable copy sign which does not comply with the following standards:

- A. Zones. Changeable copy signs are allowed in all zoning districts, but only as an integral part of a building mounted wall sign or freestanding sign.
- B. Number. No more than one (1) changeable copy sign shall be allowed for each parcel, except that additional changeable copy signs are permitted as follows:
 1. the additional changeable copy sign(s) must be placed at least one hundred (100) feet from abutting streets or rights-of-way; and
 2. the additional changeable copy sign(s) must not exceed the maximum area, height, and quantity standards otherwise applicable to any free-standing or building mounted wall signs on the parcel.

Figure 16

C. Setback Location: Placement is allowed only as an integral part of a building mounted wall sign or a freestanding sign. Changeable copy signs that are portable are not permitted.

D. Dimensions. No more than twenty (20) percent of the allowed building mounted wall sign area if placed less than one hundred (100) feet from abutting streets and no more than fifty (50) percent of a free standing sign face may be changeable copy; however, these size limitations do not apply to signs required by law. Building mounted wall signs with changeable copy placed at least one hundred (100) feet from abutting streets may be a maximum of fifty (50) percent of permitted wall sign area.

E. Height above grade. Fifteen (15) feet maximum. Building Mounted Wall signs are limited to the maximum height for freestanding signs.

F. Design. Non-illuminated in all zones. Internally or indirectly illuminated in non-residential zones subject to the illumination standards in Section 18.97.050.

Section 18.97.180 Freestanding Signs. No sign permit shall be issued for a freestanding sign that does not comply with the following standards:

A. Zone: Permanent Freestanding Signs are only allowed in the Town Center (TC), Commercial (C), Mixed-Use Residential (MUR), Business Park (BP), Industrial (I), and Public (P) zoning districts.⁵

B. Number.

1. The number and type of freestanding signs for single and multiple tenant uses are derived from the use, zone, location, and length of development site frontage as described in this Section.

2. One individual freestanding sign is allowed per parcel for each street frontage. Multiple shared freestanding signs may be permissible in accordance with the minimum separation distance in subsection (C)(4) below, and subject to a Master Sign Plan. Flag lot sites with frontage on a public street are permitted one (1) sign on the frontage providing primary access to the site and may request or apply for a Master Sign Plan with adjoining properties to erect a shared freestanding sign that complies with the street frontage requirements of the properties joined in the Master Sign Plan.

3. Shopping centers, mixed-use developments, adjoining parcel development, or multi-tenant buildings may request or apply for a Master Sign Plan for the comprehensive review of all signs proposed within the site development.

Figure 17

C. Setback and Location.

1. No freestanding sign shall be permitted on any site that does not have street frontage.

⁵ Temporary freestanding signs are allowed in all zones, see, Section 18.97.240.

2. Freestanding signs shall be set back a minimum of five (5) feet from the street side property line, a minimum of twenty-five (25) feet from any interior side lot line and a minimum of thirty (30) feet from any residential district.

3. No freestanding sign shall be located in the triangular area(s) measured fifteen (15) feet by fifteen (15) feet where a driveway enters onto a street, or in any other area which may obstruct the vision of motorists so as to create a safety hazard. Additionally, all signs are subject to the Public Works Standards regarding sight distances.

4. Where more than one (1) freestanding sign is proposed on a site with multiple frontages, a minimum of one hundred and fifty (150) linear feet shall separate each sign.

Figure 18

D. Dimensions.

1. Maximum sign size and height dimensions are determined based on the property's linear distance of total street frontage and are subject to both the setback and location criteria in the preceding section and the following requirements:

Individually Permitted Freestanding Signs

<u>Total Street Frontage</u>	<u>Maximum Size</u>	<u>Maximum Height</u>
0-60 feet	40 square feet	6 feet
61-119 feet	50 square feet	8 feet
120 feet or more	75 square feet	10 feet

Shared Freestanding Signs (approved under a Master Sign Plan)

<u>Total Street Frontage</u>	<u>Maximum Size</u>	<u>Maximum Height</u>
0-60 feet	48 square feet	7.5 feet
61-119 feet	60 square feet	10 feet
120 feet or more	90 square feet	12 feet

2. An individual freestanding sign may be permitted up to a maximum height of twelve (12) feet and a maximum size of one hundred and twenty (120) square feet and a shared freestanding sign may be permitted up to a maximum height of fifteen (15) feet, in accordance with 2(c) below, and a maximum size of one hundred and fifty (150) square feet, provided that all of the following conditions are satisfied:

(a) The sign is ground mounted on a monument-style base made or covered with a brick or stone, which extends at least the full width of the sign face and is at least one-fourth (1/4) of the total sign height. An alternate material may be approved by the Director if he or she finds that the material better reflects the materials and architecture of the closest or principle building on the site;

(b) The sign cabinet and the associate trim caps that secure and frame the sign face are dark bronze, black, or an earth tone color that reflects the color of the sign base or the color of the siding or trim of the building to which the sign applies;

(c) The sign is no taller than seventy-five (75) percent of the height of the tallest building on the property or within the Master Sign Plan area, as measured to the midpoint between the fascia line and the ridge on a pitched roof building, or the top of the highest cornice or parapet on a flat roof building; and

(d) The sign maintains a setback separation distance of two hundred (200) feet from any other freestanding sign on the same property or subject to the same Master Sign Plan.

E. Design. The following designs standards apply to freestanding signs.

1. The sign face may be either non-illuminated or externally illuminated. An internally illuminated sign is allowed if the background of the sign is totally opaque and only the graphics, text, or both are illuminated.

2. The permanent sign base shall have a minimum aggregate width of forty (40) percent of the width of the sign cabinet or face.

Section 18.97.190. Ground-Mounted or Landscape Wall Sign. No permit shall be issued for a Ground-Mounted or Landscape Wall Sign which does not comply with the following standards:

Figure 19

- A. Zones. Allowed in all zones but not allowed on individual single-family lots in the single-family zone.
- B. Number. Multiple signs are permitted to a maximum of 24 sq. ft. and sign(s) shall not cover more than forty (40) percent of the landscape wall's background area.
- C. Setback. Perimeter/screen walls shall be located at least five (5) feet from either the sidewalk or public right-of-way.
- D. Dimensions:
 - 1. Single-family Subdivisions or multi-family developments: one (1) sign up to a maximum of twenty-four (24) square feet in area.
 - 2. Nonresidential use in TC, C, MUR, BP, I, and P zoning districts: one (1) sign up to a maximum of twenty-four (24) square feet in area.
 - 3. Civic uses in all zoning districts: one (1) sign up to a maximum of thirty-two (32) square feet.
- E. Height. Maximum of five (5) feet above grade. The sign copy shall be a minimum of six (6) inches below the top of the wall and twelve (12) inches above ground level. Signs shall not project above or beyond the top or sides of the landscape wall.
- F. Design. Illumination is permitted.

Section 18.97.200. Portable Signs. No permit shall be issued for a portable sign, sandwich board sign, or pole mounted sign that does not comply with the following standards:

- A. Zone: Allowed only in the TC, C, MUR, BP, I, and P zoning districts, except that temporary portable signs are allowed in residential zones, subject to the provisions of Section 18.97.240 (Temporary signs).

- B. Number: Not more than one (1) portable sign may be displayed per business or per tenant space.
- C. Location: Must be located no farther than ten (10) feet from the primary building of the business, or, if there is only one business or tenant space on the site, it may be located not farther than ten (10) feet from the site's driveway entrance. No portable sign may be located within, over, or on the City right-of-way or any public sidewalk without a Street Use permit issued by the City.
- D. Dimensions: Size and Height. Sandwich board signs: A maximum of four (4) feet in height as measured in the flat standing position and not the open standing position, and a maximum of three (3) feet in width. Pole-mounted signs: A maximum of five (5) feet in height, and a maximum of two (2) feet in width.
- E. Design and Materials: Must be constructed with durable materials that are designed to withstand the natural elements and the effects of water and wind, otherwise they will be regulated as temporary signs under Section 18.97.240. Portable signs must be designed to withstand typical prevailing winds and must include a heavy weighted base for pole-mounted signs, and a heavy weight suspended between the opposing faces of a sandwich board sign.

Figure 20

- F. Display Hours: Portable signs and temporary portable signs may only be displayed during business operating hours.
- G. Type: Portable signs may not be changeable copy signs or illuminated in any manner.

Section 18.97.210 Projecting signs. No permit shall be issued for any projecting sign that does not comply with the following standards.

- A. Zone. Allowed in all zoning districts.
- B. Number. One (1) projecting sign may be allowed per tenant space or building frontage. Projecting signs are permitted in addition to allowable wall signage.

C. Location.

1. No part of any projecting sign shall be located closer than eight (8) feet above the grade of the sidewalk, walkway, or driveway directly below and within three (3) feet of the sign.
2. Projecting signs may extend a maximum of four (4) feet from the building and shall be separated a minimum of six (6) inches away from the building.
3. No projecting sign shall be located within twenty-five (25) feet of another projecting sign on the same site or on the same building.
4. No projecting sign shall be located higher than the first story level of the building.
5. No projecting sign shall extend into the right-of-way, including the sidewalk, without an approved Street Use permit issued by the City.

D. Dimensions:

1. Non-residential zones: The face of a projecting sign shall not exceed twelve (12) square feet in area.
2. Residential zones: The face of a projecting sign shall not exceed one and one-half (1.5) square feet in area.

Figure 20

- E. Height: No higher than the first story level of the building, and a maximum of twenty-five (25) feet above grade.

F. Design.

1. Non-residential zones: May be illuminated, internally or indirectly. In residential zones, projecting signs may not be illuminated.
2. Projecting signs shall be perpendicular to the building wall to which it is affixed.
3. Projecting signs shall not exceed four (4) inches in thickness.
4. Projecting signs shall be supported by or suspended from solid rods or otherwise tethered or reinforced to avoid movement in wind.

Section 18.97.220 Service Island Signs. No permit shall be issued for a service island sign that does not comply with the following standards:

A. Zone: Allowed only in the TC, C, MUR, BP, I, and P zoning districts.

B. Number and Size.

1. Island canopies. One (1) sign on the canopy fascia per street frontage, not to exceed twenty (20) percent of the area of canopy fascia to which the sign is mounted.
2. Spandrel signs and canopy support signs. Spandrel signs shall not exceed twenty (20) percent of the spandrel area, and both spandrel signs and signs attached to canopy support columns shall be deducted from allowable wall signage on the associated principle building on the site.

C. Setback Location: Mounted on building that must comply with setbacks.

D. Height: Shall not project above roof lines or obscure architectural details and may not exceed seventy (70) percent of the blank wall height.

E. Design. Spandrel signs may be internally illuminated, subject to the illumination standards of 18.97.090. Signs attached to canopy support columns shall not be illuminated.

Section 18.97.230 Sign Walkers. Sign walkers are allowed, subject to the following standards:

A. Permit. A permit is not required for a sign walker, but the sign walker shall comply with all applicable requirements of this Chapter.

B. Zone. Only allowed in the TC, C, MUR, BP, and I zoning districts.

C. Number. No limit.

D. Location. Sign walkers are restricted to a minimum of thirty (30) feet from a street or driveway intersection, measured from the back of the curb or edge of pavement if no curb exists, and shall not be located in any of the following places:

1. On any public property or within public right-of-way, although sign walkers are allowed on public sidewalks;
2. In parking aisles or stalls;
3. In driving lanes;
4. On fences, walls, boulders, planters, other signs, vehicles, utility facilities or other structures; or
5. In a manner which results in a sign walker or the sign walker's sign physically interfering with motorists; pedestrians, or bicyclists.

E. Dimensions. The sign walker's sign shall not exceed eight (8) square feet in area, and shall not exceed eight (8) feet in height when held in place.

F. Design. The sign walker's sign cannot be illuminated. Sign walkers shall be limited to daylight hours only. A sign walker's sign may not include any element of a prohibited sign as described in Section 18.97.040.

Section 18.97.240 Temporary Signs.

A. No Permit required -- Materials. No sign permit is required for temporary signs that comply with the standards in this Section. Temporary signs are primarily distinguished by the materials which make up the sign (see, definition of "temporary sign" in Section 18.97.290 and Section 18.97.060 (sign materials). Temporary signs shall comply with the requirements of this chapter.

B. Removal. Temporary signs shall be removed if the sign is in need of repair, is worn, dilapidated, or creates a public nuisance.

C. City property (excluding City right-of-way). See Section 18.97.020(C). Temporary signs on City-owned property (excluding City right-of-way) are allowed only in conjunction with a City approved and issued Special Event permit.

D. Residential zones. Temporary signs may be placed on property residentially zoned in accordance with the requirements of this Chapter and the following:

1. Building/Surface/Wall Mounted Signs: Not allowed on properties under two (2) acres in size. For larger parcels, see 18.97.240(F)
2. Changeable Copy Signs: See applicable sign type.
3. Freestanding signs (includes post-mounted, stake-mounted, and portable signs).

(a) Single-family properties: Temporary free-standing signs shall not exceed four (4) square feet in size and five (5) feet in height if the sign is mounted on the ground. Temporary free-standing signs shall not exceed three (3) feet in height if the sign is stake-mounted or portable.

(b) Multi-family properties: Temporary free-standing signs shall not exceed six (6) square feet in size and five (5) feet in height if the sign is post mounted on the ground. Temporary free-standing signs shall not exceed three (3) feet in height if the sign is stake-mounted or portable.

4. Window signs. Limited to no more than one temporary window sign per residential unit, not to exceed four (4) square feet.

E. Non-residential or mixed-use properties. Temporary signs are allowed on properties within the TC, C, MUR, BP, and P zoning districts in accordance with the requirements of this Chapter and the following:

1. Building/Surface/Wall-mounted signs:

(a) Size. Limited to forty (40) square feet total per building site, not to exceed twenty (20) square feet per individual sign.

(b) Location. Must be flatly affixed to walls below the fascia or parapet line, or flatly affixed to on-site fences either facing the abutting street, or facing inward to the subject site. Signs shall not be attached or tethered to other site improvements.

2. Freestanding signs (including post-mounted, stake-mounted, and portable signs): Size and Height. Limited to four (4) square feet in area; and sign cannot exceed five (5) feet in height if the temporary sign is post-mounted in the ground and cannot exceed three (3) feet in height if the temporary sign is stake-mounted or portable. No more than two (2) on-site freestanding temporary signs may be displayed per site.

3. Window signs. Limited to one temporary sign per window not to exceed fifty (50) percent of the individual window area, and not to exceed twenty (20) percent of the total ground floor window area on any given facade, subject to the window sign requirements of Section 18.97.230.

F. Temporary signs on large properties within any zoning district. The following temporary signs may be placed on any site at least two (2) acres in size, in accordance with the requirements of this Section and the following:

1. Type. Any type.

2. Size and Height. Not to exceed sixty-four (64) square feet and up to eight (8) feet above ground level.

3. Exclusivity. The sign allowed under this subsection is in lieu of and shall not be displayed with or be in addition to other temporary signs allowed by this Section.

G. City Right-of-Way outside of the Roadway. Temporary signs are prohibited in the Roadway. Temporary signs on City Right-of-Way (placed outside of the Roadway), must comply with the following requirements:

1. Location. Allowed only between the property line and the back of the nearest curb, or where no curb exists, between the property line and the nearest edge of the roadway pavement. Signs may not be placed on sidewalks, driveways, or other paved areas designed for pedestrian or vehicular use, or as conditioned in a Street Use permit. Approval of the abutting owner is recommended.

2. Type. Signs on stakes that can be manually pushed or hammered into the ground are allowed. All other signs are prohibited, unless specifically allowed by a Street Use permit.

3. Size and height. Limited to four (4) square feet, and three (3) feet in height.

4. Dilapidated or Nuisance signs. Any temporary sign in the right-of-way that is dilapidated or a nuisance, shall be removed by the person responsible for placement of the sign.

5. Other signs. The City may allow other signs in City right-of-way with a Street Use permit.

6. Attachments. Signs in the right-of-way may not include attachments such as balloons, streamers, or other attention-getting devices.

Section 18.97.250 Window Signs. No permit shall be issued for a permanent window sign that does not comply with the following standards:

A. Zone. Allowed in all zoning districts.

B. Number: No more than one permanent window sign may be placed in a single window.

Figure 21

- C. Setback Location. No higher than second (2nd) story windows for permanent window signs. For the requirements applicable to temporary window signs, see Section 18.97.220.
- D. Window Coverage. Window signs, whether temporary or permanent, shall not exceed twenty-five (25) percent of the area of the window on which they are displayed.
- E. Height: No higher than the first story level of a building, maximum height twenty-five (25) feet from grade.
- F. Design. Permanent window signs are limited to individual painted or vinyl cut-out letters and graphics, or neon signs constructed with or without a solid or opaque background. Permanent signs with solid backgrounds are not permitted in windows in order to ensure maximum light and visibility through windows. Temporary window signs are exempt from the restrictions in this Subsection E.

18.97.260 Sign Permits.

A. What is a Sign Permit? A sign permit is the approval granted by the City for any person to erect, alter, expand, or relocate a sign. For some signs, a building permit may also be required.

B. Is a Sign Permit Required? A sign permit is not required for any sign that is erected, altered, expanded, or relocated in accordance with the criteria listed in Section 18.97.030 (Exemptions). Even if a permit is not required, the sign must conform to this Sign Code.

C. Who Approves the Application? Sign Permits are approved by the Community Development Director or designee. If a building permit is required for the sign, the Building Official approves the building permit. If a Street Use permit is required, the Public Works Director approves the permit.

D. Who May Submit an Application? The owner or tenant of the property where the sign will be located, or the owner's agent on their behalf and with their written consent.

E. How Do I Submit an Application? A complete sign permit application must be submitted to the City and the application must include all of the following:

1. *Application form.* A completed Sign Permit application, including the applicant's name, address, phone number, and e-mail address. If the applicant is not the property owner, then the property owner must be identified, and the application must include an affidavit from the property owner, verifying that the property owner has given permission to the applicant for the submission of the sign permit application and for the installation or posting of the sign on the property owner's land.

2. *Other permit applications.* If required by the Building Code, a completed building permit application. In some instances, a Street Use permit application or a Special Event permit application may be required.

3. *Building elevation/site plan.* Signs proposed to be mounted on a building require a building elevation drawn to scale that specifies the locations and size of existing signs on the building, the location and size of new signs proposed on the building, the dimensions of the wall plane upon which the signs will be placed, and drawings or photographs which show the scale of the sign in relation to surrounding doors, windows and other architectural features. Free-standing signs require a site plan indicating the proposed sign location as it relates to property lines, surrounding landscaping, adjacent streets, driveways and adjacent buildings.

4. *Detailed description of sign.* A scaled colored rendering or drawing of the sign and its associated structure, including dimensions of all sign faces, and descriptions of materials to be used on the sign and associated trim caps, fixtures and support structure, description of the sign face illumination and methods used to ensure that only text, graphics and logo shields are internally illuminated.

5. *Scaled installation drawing.* A scaled drawing that includes the sign description, proposed materials, size, weight, manner of construction and method of attachment, including all hardware necessary for proper sign installation, and if applicable, foundation design.

6. *Lighting.* A drawing indicating the location and fixture type of all exterior lighting for the proposed signs. The drawing shall specify wattage and lamp type to ensure compatibility with the illumination standards in Section 18.97.050.

7. *Master Sign Plan.* If the sign is subject to a Master Sign Plan as described in Section 18.97.270, a Master Sign Plan must be included as part of a complete sign permit, unless a Master Sign Plan for the site or building has already been approved, is current and is on file with the City.

8. *Fees.* Payment of the appropriate sign permit fee (and all other fees, such as building permit and/or electrical permit fees) must be paid.

F. How is Notice Provided? There is no notice to the public that a sign permit application has been submitted.

G. How is an Application Reviewed? A sign permit application follows the Process I procedure in EMC 18.40.070 and 18.40.080. The application is categorically exempt from SEPA, and pursuant to RCW 36.70B.140(2), is exempt from the other permit processing requirements in RCW 36.70B.060 and RCW 36.70B.110, including, but not limited to, the notice of application, determination of completeness and issuance of a final decision within the time permit set forth in RCW 36.70.080.

H. What Approval Criteria are Used?

1. A sign permit application shall not be approved unless the Director makes written findings and conclusions that the criteria applicable to each sign type, as well as the Sign Standards in this Chapter, are satisfied.

2. Building permit applications associated with sign shall be reviewed by the Building Official for consistency with the Building Code.

3. If the sign uses electrical wiring and connections, a licensed electrician must submit a copy of the electrical permit application to the City, with the original submitted for approval to the State of Washington. If the sign requires a Street Use or Special Event Permit, the application shall be submitted with the sign permit application for review by the Public Works Director.

I. What if an Application is Denied? The applicant may file an administrative appeal as provided in EMC Section 18.40.080(D).

J. What Happens After Approval? Once the sign permit issues, the sign must be installed within 180 days or the sign permit will expire. Building permits and Street Use Permits shall expire in accordance with other applicable code provisions. No sign may be erected, altered or relocated if the sign permit has expired, even if the associated building permit or Street Use Permit has not expired.

18.97.270 Master Sign Plans.

A. What is a Master Sign Plan? A Master Sign Plan is a plan that includes, in a coordinated fashion, all of the signs needed for spaces in a proposed mixed-use or nonresidential,

multi-tenant building(s) or site development or for coordination of adjoining parcels seeking to combine their total street frontage subject to the sizing requirements in Subsection 18.97.180.D. In addition, a Master Sign Plan may be voluntarily developed by the owner or agent of any new or existing non-residential use.

B. Who Approves the Application? The Community Development Director or designee.

C. Who May Submit an Application? The owner of the buildings or site development.

D. How Do I Submit an Application? A complete application for a Master Sign Plan must be submitted, which includes all of the following information:

1. A complete Master Sign Plan application, including the applicant's name, address, phone number and e-mail address. If the applicant is not the property owner(s), then the property owner(s) must be identified and the application must include an affidavit from the property owner(s), verifying that the property owner(s) has given permission for the applicant to submit the Master Sign Plan application. No Master Sign Plan application may be submitted without written consent from all affected property owners, and no sign may be placed upon real property without the consent of the real property owner(s).

2. A site plan drawn to legible scale, indicating the location of all buildings, driveways and pavement areas, landscape areas, abutting streets, and proposed freestanding signs on the site;

3. Elevation drawings of each building on a site that indicates proposed sign locations on each of the buildings;

4. Maximum allowable signage on each elevation based upon a five (5) percent calculation of all facades;

5. The Master Sign Plan application shall identify the sign features and sign types proposed to be used on each building and the proposed location. In addition, the applicant shall include a statement describing the manner in which the building or site owner wishes to allocate allowable signage among tenants and where specific tenant signage shall be located;

6. A narrative description of the development to demonstrate that the Master Sign Plan meets the required design standards of this Chapter;

7. Fees: Payment of all of the appropriate fees for a Master Sign Plan;

E. How is Notice Provided? There is no notice provided to the public that a Master Sign Plan application has been submitted.

F. How is an Application Reviewed? A Master Sign Plan application follows the Process I procedure in EMC 18.40.070 and 18.40.080. The application is categorically exempt

from SEPA, and pursuant to RCW 36.70B.140(2), is exempt from the other permit processing requirements in RCW 36.70B.060 and RCW 36.70B.110, including, but not limited to, the notice of application, determination of completeness and issuance of a final decision within the time permit set forth in RCW 36.70.080.

G. What Approval Criteria are Used? All signs in the Master Sign Plan must meet the criteria for approval of a sign permit in Section 18.97.270. In addition, all of the signs in the Master Sign Plan:

1. Shall be architecturally similar and visually related to each other through the incorporation of common design elements. Up to two (2) sign types may be used on any one (1) building. All sign cabinets, trim caps, and all sign supports, such as poles and braces, shall be of a common color;

2. Shall be architecturally integrated with the buildings included in the Master Sign Plan; and

3. Must not obscure the view of other signs which are consistent with this Chapter.

H. What Happens if a Master Sign Plan is Denied? The applicant may file an administrative appeal as provided in EMC Section 18.40.080(D).

I. What Happens After Approval? Once the Master Sign Plan issues, the signs depicted in the approved Plan must be installed within 180 days or the Master Sign Plan will expire. Building permits and Street Use Permits for any signs shown in the Master Sign Plan shall expire in accordance with other applicable code provisions. No sign may be erected, altered or relocated if the Master Sign Plan has expired, even if the associated sign permit, building permit or Street Use Permit has not expired.

J. Can the Master Site Plan be Amended? An application for an amendment to an approved Master Site Plan can be submitted at any time, subject to the same requirements and procedures that apply to the original Master Site Plan application. Tenants whose signs are included in the amendment application need the property owner's consent to file such application. In order to approve any such amendment, the Director shall consider the existing signs on the building(s) subject to the approved Master Sign Plan when determining whether the application meets the criteria for approval in Subsection G of this Section.

18.97.280 Sign Variances.

A. What is a Sign Variance? A variance application is submitted concurrent with a sign permit application when the property owner/tenant seeks to deviate from the strict application of the regulations in this Chapter which apply to: (1) sign placement on a parcel or building frontage; (2) sign area; or (3) sign height (as limited in this Chapter).

A variance may not be granted to allow any prohibited signs or prohibited sign features, as described in Section 18.97.040, or for any other purpose that is not specifically listed in this

subsection (A)(1) through (3). The variance procedure in this Section does not apply to the processing of any Street Use permit or Building permit.

First Amendment Exception. Where an applicant can demonstrate that the strict application of the regulations in this Chapter would violate his/her First Amendment rights, the City may grant a First Amendment exception that does not conform to all of the variance criteria in Section 18.97.280(G) below. However, the applicant shall submit an application which provides his/her response to each of the variance criteria in Section 18.97.280(G). In order to process a First Amendment exception, the City shall follow all other requirements of this Section. In order to approve a First Amendment exception, the City must make written findings, and may only grant such exception to the extent reasonably necessary to protect the applicant's First Amendment rights. If a First Amendment exception is granted, it shall be processed as an approval of a variance for purposes of this Chapter.

B. Who Approves the Application? After a public hearing on the consolidated applications of the sign permit and sign variance, the hearing examiner approves the applications.

C. Who May Submit an Application? The owner of the buildings, the owner of the property or site development.

D. How Do I Submit an Application? A complete application for a sign variance shall consist of the following:

1. Application form. A completed sign variance application, including the applicant's name, address, phone number and e-mail address. If the applicant is not the property owner, then the property owner must be identified and the application must include an affidavit from the property owner, verifying that the property owner has given permission to the applicant for the submission of the sign variance application and for the installation/posting of the sign on the property owner's property.

2. Sign Permit Application (all of the materials required by Section 18.97.260(D), Sign Permits).

3. A narrative report which describes the requested variance in detail. The report shall identify all of the sections of this Chapter from which the applicant is requesting the variance, as well as the nature and extent of the variance (in size, area, location on the property, height).

4. The narrative report shall also include the applicant's description of the manner in which the sign variance satisfies all of the variance criteria in subsection G below.

5. Payment of the appropriate sign variance fee.

E. How is Notice Provided? The public is given notice of a sign variance application and the associated sign permit application through issuance of a Notice of Application, as described in EMC Section 18.40.180.

F. How is an Application Reviewed? The sign variance application is consolidated for processing with the associated sign permit application, as Type III (hearing examiner review) in EMC Section 18.40.100. The City determines whether the applications are complete (EMC Section 18.40.150), the Notice of Application issues (EMC Section 18.40.180), a Notice of Public Hearing issues (EMC Section 18.40.190) and a public hearing is held by the hearing examiner (EMC Section 18.40.190(E)). The hearing examiner issues a decision (EMC Section 18.40.190(Q) and (R)).

G. What Approval Criteria are Used? Sign variance applications shall be reviewed by the Hearing Examiner to determine whether all of the following criteria are satisfied. In order to approve any sign variance, the Director must make written findings to show that all of the following criteria have been met:

1. The request for a sign variance is due to unusual conditions pertaining to sign visibility needs for a specific building or lot; and
2. The sign will not create a hazard; and
3. The sign will not violate any state statute or any City Code provision (other than the ones identified in EMC 18.97.280(A)(1) through (3); and
4. The sign will not negatively affect adjacent property; and
5. The sign will be in keeping with the general character of the surrounding area and the granting of the variance would not result in an alteration of the essential character of the surrounding area; and
6. The proposed variance is consistent with the purposes and intent of the Zoning/Development Code and the purposes of this Chapter; and
7. The variance is consistent with the City's Comprehensive Plan; and
8. The applicant has established that there are practical difficulties in complying with the provision(s) of this Chapter identified in EMC Section 18.97.280(A)(1) through (3) and that the proposed sign is a reasonable use of the property, (economic considerations alone do not constitute practical difficulties); and
9. The plight of the applicant is due to circumstances unique to the property, which were not created by the applicant or landowner; and

10. The variance will not permit any sign or use that is not allowed in the zoning district where the affected land is located, nor will it allow any sign or sign feature prohibited under Section 18.97.040.

H. What if an Application is Denied? The applicant may file an administrative appeal as provided in EMC Section 18.40.190(T), (X).

I. What Happens After Approval? Once the variance and sign permit issue, the sign must be installed within 180 days or the variance and sign permit will expire. Building permits and Street Use Permits shall expire in accordance with other applicable code provisions. No sign may be erected, altered or relocated if the sign permit has expired, even if the associated building permit or Street Use Permit has expired.

18.97.290 Nonconforming Signs, Maintenance, Removal and Enforcement.

A. Nonconforming Signs. Any lawful nonconforming sign may be continued, as long as it is maintained only in the manner and to the extent that it existed at the time it became nonconforming. Illegal signs shall not be considered nonconforming signs.

B. Maintenance. It is unlawful for any owner of record, lessor, lessee, manager or other person having lawful possession or control over a building, structure or parcel of land to fail to maintain any signs on the building, structure or parcel in compliance with this Chapter and the Zoning Code. Failure to maintain a sign constitutes a violation of this Chapter, and shall subject the violator to enforcement under the provisions of chapter 18.85 EMC (Zoning Code Enforcement).

1. Sign Maintenance. All signs, whether or not in existence prior to the adoption of this Chapter, shall be maintained. Maintenance of a sign shall include periodic cleaning, replacement of flickering, burned out or broken light bulbs or fixtures, repair or replacement of any faded, peeled, cracked or otherwise damaged or broken parts of a sign, and any other activity necessary to restore the sign so that it continues to comply with the requirements and contents of the sign permit issued for its installation and the provisions of this Chapter.

2. Landscape Maintenance. Required landscaped areas associated with an approved sign shall receive regular repair and maintenance. Plant materials that do not survive after installation in required landscape areas are required to be replaced within six (6) months of the plant's demise or within the next planting season, whichever event first occurs.

C. Removal. Any vacant and/or unused sign support structures, angle irons, sign poles or other remnants of old signs which are currently not in use, or are not proposed for immediate reuse by a sign permit application for a permitted sign, shall be removed. In addition to the remedies in the (Zoning Code chapter on Enforcement), the Director shall have the authority to require the repair, maintenance or removal of any sign or sign structure which has become dilapidated or represents a hazard to the safety, health or welfare of the public, at the cost of the sign and/or property owner.

D. Enforcement. Violations of the provisions of this Chapter shall be enforced according to (Zoning Code Enforcement chapter) 18.85 EMC.

Section 18.97.300 Definitions. The words and phrases used in this Section shall be construed as defined in this Chapter, unless the context clearly appears otherwise. Unless specifically defined in this Section, the definitions set forth in other provisions of this Code shall likewise apply to this Chapter.

“A”

“Abandoned sign” means a sign, the face of which has been removed or is broken and is not refaced within 180 days thereafter. Abandoned signs shall also include signs with rusted, faded, peeled, cracked or otherwise deteriorated materials or finishes that have not been repaired within 90 days after the City provides notice of the sign’s deteriorated condition under the City’s enforcement chapter (18.85 EMC).

“Accessory sign” means a permanent, free standing or building mounted sign of limited height and size that provides supplemental opportunity for free standing or building mounted signage on a site, at points of egress or entry.

“Aerial sign” means a free floating balloon, kite or similar object not directly secured to property within the City.

“A-frame sign” *see also*, portable sign or sandwich board sign, means signs capable of standing without support or attachment.

“Alter” means to change the copy, color, size, shape, illumination, position, location, construction or supporting structure of a sign, not including ordinary maintenance.

“Area of a sign” means the smallest square, rectangle, parallelogram or circle that will enclose the extreme limits of writing, representation, logo, or any figure of similar character, together with any frame, background area, structural trim, or other materials or color forming an integral part of the display or used to differentiate such sign from the background against which it is placed. The supports or uprights on which any such sign is supported shall not be included in determining the sign area. The area of signs with two (2) faces shall be considered to be the area of the largest face. The area of signs with three (3) or more faces shall be considered to be the area of the largest face or one-half (1/2) the area of all of the faces, whichever is less.

“Awning or Canopy sign” means a sign affixed to or imprinted on an attached shelter composed on non-rigid materials such as an awning, or a permanent architectural projection, such as an awning or canopy, composed of non-rigid materials on a supporting framework, affixed to the exterior wall of a building, extending over a door, entrance, window or outdoor service area.

“B”

“Business activity” means an enterprise offering goods, services, or other consideration to the public, in legal occupancy of a site or of a specific portion of a site and under separate and distinct management from any other enterprise located on the same site.

“Business frontage” means the horizontal dimensions of a building or individual business elevation measured at ground level.

“C”

“Canopy or Awning sign” – see definition under “Awning or Canopy sign” above.

“Changeable copy sign: means a sign or portion thereof which is designed to have its message or copy readily changed manually or by remote or automatic means without altering or replacing the face or surface. Changeable copy signs support hard-copy text or graphics and do not use digital or electronic text or images.

“D”

“Daytime” means the hours beginning one-half hour after legal sunrise and continuing until one-half hour before legal sunset.

“Digital sign” means a changeable copy sign with monochrome LED (light emitting diodes) text, graphics or symbols over a black, non-illuminated background.

“Directional sign” means a sign erected for the purpose of facilitating or controlling the efficient and safe movement of pedestrians or vehicles within a multi-tenant development.

“E”

“Electronic message center sign” means an electrically activated changeable copy sign having variable message and/or graphic presentation capability that can be electronically programmed by computer or handheld device from a remote location. EMCS’ typically use light emitting diodes (LED’s) or liquid crystal display (LCD) as a lighting source.

“Elevation” means the visible vertical plane of the side of a building from ground level to the roof line.

“Elevation, primary” means the side of a building directly abutting either a street or a parking area. A business owner may choose which elevation is considered the primary elevation, except that in a multi-tenant building, the elevation which is contiguous to other businesses shall be the primary elevation.

“Elevation, secondary” means any elevation of a building not determined to be a primary elevation.

“F”

“Façade” means the elevation of a building extending from the ground level up to the bottom of the fascia on a pitched roof building, and up to the top of the wall or parapet on a flat roof building. The area of a façade for purposes of calculating allowable wall signage includes the area of the windows and doors but excludes openings that do not have solid coverings, such as breezeways, colonnades and gateways that extend to the backside of the building.

“Fascia” means an architectural term for a vertical frieze or board under a roof edge or which forms the outer surface of a cornice, visible to an observer.

“Flag” means a flat piece of cloth, with distinctive colors, patterns or symbols, having one end of the cloth attached to a vertical staff (directly or by rope and pulley mechanism) and all other ends free-flowing under natural movement of wind.

“Flag canopy” means a line of flags, or a series of lines of flags, suspended above a site.

“Flashing sign” means an electric sign or portion thereof except electronic message center signs, which changes light intensity in a sudden transitory burst, or which switches on and off in a constant pattern in which more than one-third of the non-constant light source is off at any one time.

“Freestanding sign” means a sign and its support pole or base standing directly on the ground that is independent from any building or other structure.

“Freeway” means a limited access highway, state route or interstate.

“Freeway oriented sign” means a sign within 150 feet of a freeway right-of-way that has its sign face parallel to, perpendicular to, angled toward, or otherwise readable from the freeway right-of-way.

“Frontage” means the property line of an individual lot, tract or parcel that abuts a public or private street right-of-way, excluding alleys and private driveways. The number of frontages on a lot is the same as the number of public or private street rights-of-way that the lot abuts.

“G”

“Gross leasable space” means area of a single leasable space, regardless of the number of tenants or leases within the space.

“Ground-mounted or Landscape Wall sign.” A sign consisting of individual letters mounted on a screen or perimeter wall which may be attached or detached from a building, but which is architecturally integrated with the overall development.

“H”

“Halo illuminate” means a light source placed behind totally opaque letter or symbol so that the light reflects off the wall or background to which the letters or symbols are mounted rather than emanating through the letters or symbols, creating a halo effect that leaves the letters or symbols viewable in silhouette form only.

“Height of sign” means the overall height of the sign above grade directly below or at the base of the sign.

“I”

“Illegal sign” means a sign which does not conform to the requirements and standards of this Chapter and which does not meet the criteria of a nonconforming sign as defined in this Definitions Section.

“Integrated development site” means any commercial or noncommercial development site, regardless of the number of lots or individual tenants, that is developed with common parking, layout, architecture or design features.

“Item of information” means a word, figure, logo, abbreviation or other symbolic representation.

“L”

“Landscape Wall Sign” *see*, definition of “Ground-mounted Sign.”

“Logo” means a design of letters, colors or symbols used as a trademark or for identification in lieu of, or in conjunction with, other signs.

“Logo shield” means a logo contained within an area no greater than four (4) square feet, incorporated into a larger sign face or designed as an individual sign or component of a sign containing individually mounted sign graphics.

“Lot line” means a line that separates two lots.

“Luminance” means the photometric quality most closely associated with the perception of brightness. Luminance is measured in candelas per square meters or “nits.”

“M”

“Mansard” means a roof with two slopes on each side of the four sides, the lower steeper than the upper.

“Master Sign Plan” means a coordinated sign plan which includes the details of all signs (not including exempt or temporary signs) which are or will be placed on a site.

“Monument sign” means a freestanding low profile sign with the sign width greater than the sign height and designed with a solid base and background.

“Motion” means the depiction of movement or change of position of text, images or graphics. Motion shall include, but not be limited to, visual effects such as dissolving and fading text and images, running sequential text, graphic bursts, lighting that resembles zooming, twinkling or sparkling, changes in light or color, transitory bursts of light intensity, moving patterns or bands of light, expanding or contracting shapes and similar actions.

“Multitenant development” means a development consisting of three (3) or more leasable spaces.

“N”

“Natural grade” means the topographic condition or elevation of a site or portion of a site over the past five years, or the finished grade of an approved site development plan. Changes to grade or elevation resulting from fill, mounding, or berming within five years preceding any requested permit other than a site development plan shall not be considered natural grade for permitting purposes.

“Neon sign” means a sign with illumination affected by a light source consisting of a neon or other gas tube which is bent to form letters, symbols or other shapes.

“Nighttime” means the hours beginning one-half hour before legal sunset and continuing until one-half hour after legal sunrise.

“Nits” means a unit of measure of brightness or luminance. One (1) nit is equal to one (1) candela/square meter.

“Nonconforming sign” means any sign, which at one time conformed to all applicable requirements and standards of this Chapter, including all permit requirements, but which subsequently ceased to so conform due to changes in such requirements and standards.

“Nonresidential zone” means, in the context of this Chapter, any zone that does not include residential dwelling units except for mixed use zoning districts where residential units are located above or behind nonresidential uses and the ground floor streetscape is characterized by commercial and other nonresidential uses.

“O”

“Opaque” means a material that does not transmit light from an internal illumination source.

“P”

“Painted sign” means a sign painted directly on a building or on material which is then attached to a building. *See also*, “wall sign.”

“Pan-channel” means a sign graphic that is constructed of a three-sided metal channel, usually having a light source contained within the channel. The open side may face inward, resulting in silhouette lighting, or it may face outward to allow full illumination. The open side of the channel may be enclosed with a translucent material.

“Parapet” means a protective wall or barrier projecting above any canopy, balcony or roof.

“Permanent sign” means a sign constructed of weather resistant material and intended for permanent use and that does not otherwise meet the definition of “temporary sign.” Wall mounted sign holders designed for insertion of signs and posters shall be considered permanent signage and subject to all standards of this chapter.

“Pole sign” means a sign mounted on a weighted base, intended to be movable.

“Portable sign” means a free-standing sign that is readily moveable and not permanently affixed to the ground, including A-frame or sandwich board signs, pole signs mounted on weighted bases, and similar signs that are used on more than a temporary basis.

“Projecting sign or Projection sign” means a sign attached to a building with the face not parallel to the vertical surface of the building. Projecting signs include signs projecting directly from walls, or signs hanging from porch ceilings or other support structures.

“R”

“Raceway” means a box-type conduit to house electrical wires for signs and used to support and/or affix signage on a wall.

“Right-of-Way” is the strip of land platted, dedicated, condemned, established by prescription or otherwise legally established for the use of pedestrians, vehicles or utilities.

“Roadway” means that portion of the street improved, designed, or ordinarily used for vehicular travel and parking, exclusive of the sidewalks and shoulder. Where there are curbs, the roadway is the curb to curb width of the street.

“Roof line” means the uppermost edge of the roof or the top of the parapet, excluding mechanical equipment screens, whichever is highest. Where a building has several roof levels, the roof line shall be the one belonging to that portion of the building on which the sign is located.

“Roof mounted sign” means a sign which has a point of attachment to the roof or mansard of a building. Architectural projections, including mechanical equipment screens, above any parapet or roof line whose sole function is a background for signs shall be considered a sign structure. A sign on such an architectural projection shall be considered a roof sign.

“S”

“Sandwich board sign” – see “A-frame sign” definition.

“Service Island sign” means a permanent sign displayed on the service island canopy of a gas station, bank, carwash or other use that provides a canopy cover for vehicles. Service island signs are not the same as awning or canopy signs as otherwise defined by this chapter.

“Sign” means letters, figures, symbols, trademarks, or logos, with or without illumination, intended to identify any place, subject, person, firm, business, product, article, merchandise or point of sale. A sign also includes balloons attached to sign structures, products,

streamers, spinners, pennants, flags, inflatables or similar devices intended to attract attention to a site or business, as well as architectural or structural forms, illuminated panels, spandrels, awnings and other structural or architectural features not common to classic vernacular or non-corporate regional architecture and that are intended to convey a brand, message or otherwise advertise a location or product, whether or not such features include text or graphics and whether or not they serve other practical purposes such as lighting, covering or enclosure of persons or products. A sign includes any device which streams, televises or otherwise conveys electronic visual messages, pictures, videos or images, with or without sound or odors. Refer to Section 18.97.040 for a list of prohibited signs.

“Signable area” means the area of the largest rectangular portion of a face of a building to which a sign is affixed or proposed to be affixed, which can be included within parallel, vertical, and horizontal lines uninterrupted by significant architectural features of the building.

“Sign walker” means a sign carried by a person.

“Site” means a unit of land, together with all improvements thereon, determined as follows:

1) a unit of land which may be conveyed separately from any and all adjacent land without the requirement of approval of a boundary line adjustment, short plat or a preliminary plat.

2) Two (2) or more buildings or business activities that are or will be related to each other physically or architecturally, such as by sharing off-street parking facilities, so as to form an integrated development, such as a shopping center, industrial park, or office complex.

“Spandrel” means a panel or box-type structure that spans between and/or is connected to the support columns of a porch, colonnade or canopy, usually for architectural embellishment and/or signage purposes.

“Special event sign or temporary sign” means signs or advertising displays or a combination thereof which advertises or attracts public attention to a special one-time event, including but not limited to, the opening of a building or business activity, the sale of goods and services at discounted or otherwise especially advantageous prices or similar event.

“Static” means without motion.

“Story” means that portion of a building included between the upper surface of a floor and the upper surface of the floor or ceiling next above.

“Suspended Sign” means a sign mounted above a sidewalk adjacent to a business, affixed to a beam, overhang, roof or other fixture that is an integral part of a building.

“T”

“Temporary sign (which may include special event sign)” means any sign that is used temporarily and is not permanently mounted, painted or otherwise affixed, excluding portable

signs as defined by this Chapter, including any poster, banner, placard, stake sign or sign not placed in the ground with concrete or other means to provide permanent support, stability and rot prevention. Temporary signs may only be made of non-durable materials including, but not limited to, paper, corrugated board, flexible, bendable or foldable plastics, foamcore board, vinyl canvas or vinyl mesh products of less than 20 oz. fabric, vinyl canvas and vinyl mesh products without polymeric plasticizers and signs painted or drawn with water soluble paints or chalks. Signs made of any other materials shall be considered permanent and are subject to the permanent sign regulations of this Chapter.

“Tenant space” means the entire building which encompasses a building or use on a site; or in buildings designed for multi-tenant occupancy, it is the space between demising walls and which has an independent entrance to common corridors or to the outside. Portions of tenant spaces that are sublet to or otherwise allowed to be used by persons or businesses other than the principle person or business of a tenant space are not considered tenant spaces in the context of this chapter.

“U”

“Unshielded lighting” means an external illumination source which is exposed to view.

“V”

“W”

“Wall sign” means a sign which is attached parallel to or painted on a wall, including parapet or canopy fascia, or a building.

“Width of sign” means the total horizontal dimension of a sign, including all frames or structures.

“Window” means the entire window unit including individual sashes or panes that might otherwise divide the area between the head, jamb and sill; except that in commercial storefront window assemblies, a single “window” is the glass area between each mullion that divides the window assembly, whether installed as a single piece of glass or as multiple pieces of glass divided by muntins.

“Window sign” means a sign that is attached to or is intended to be seen in, on or through a window of a building and is visible from the exterior of the window.

City Of Edgewood Council Agenda Summary Sheet

SUBJECT: 2019 Budget Amendment No. 1		Agenda Bill #:		2H
		For Agenda of:		July 2, 2019
		Prepared by:		Dave Gray
ATTACHMENTS (list): ☒ Proposed Ordinance No. 19-0xxx, 2019 Budget Amendment No. 1 ☒ 2019 Salary Schedule Budget Amendment No. 1				
Review of Materials:				
Mayor, Daryl Eidinger	☒	Expenditure Required:	<u> \$0 </u>	
Asst. City Administrator, Dave Gray	☒	Amount Budgeted:	<u> \$0 </u>	
City Attorney	☐	Appropriation Required:	<u> \$0 </u>	
City Clerk, Rachel Pitzel	☒	Timeline: July 2: Study Session Discussion July 9: RCM Action		
Community Development Director, Darren Groth	☐			
Public Works, Jeremy Metzler	☐			
Police Chief, Micah Lundborg	☐			
Fiscal Note/Consideration: N/A Housekeeping to update the Salary Schedule for two new potential positions.				
SUMMARY STATEMENT: 2019 Budget Amendment No. 1 is a housekeeping Ordinance. The Salary Schedule is required as an Exhibit to the Annual Budget Ordinance. Amending the schedule requires a Budget Amendment. This Ordinance simply adds the Information Technology Manager and City Attorney positions to the Salary Schedule. The Mayor sets the level of staffing in each authorized position as part of the budget process when producing the proposed budget to Council. It is normal and customary that not all positions on the salary schedule are filled on any given year, or that more than one FTE for a particular position may be funded. Without the position called out on the Salary Schedule, the Mayor is not able to fulfill his executive role by staffing the City to accomplish mandated or necessary city functions. The City enjoyed the services of an in-house City Attorney since October 2018, where such services were previously provided through a personal services contract, part-time. The City wishes to continue utilizing an in-house City Attorney as an employee, and would like to hire a replacement without the need for an employment agreement. Adding the City Attorney to the Salary Schedule will allow the Mayor to appoint the position, similar to the City Clerk, without the need for an employment agreement.				
COUNCIL COMMITTEE REVIEW AND RECOMMENDATION: N/A				
RECOMMENDED ACTION: Review the Salary Schedule and either refer it to another study session or to the July 9 th Regular Council Meeting for Action.				

ORDINANCE NO. 19-0xxx

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EDGEWOOD, WASHINGTON, AMENDING THE BUDGET EXHIBIT A SALARY SCHEDULE FOR THE 2019 FISCAL YEAR, PROVIDING FOR SEVERABILITY AND ESTABLISHING AN EFFECTIVE DATE

WHEREAS, State law, Chapter 35A.33 RCW, requires the City of Edgewood adopt an annual budget and provides procedures for such; and

WHEREAS, the City of Edgewood established its 2019 Budget in Ordinance No. 18-0539; and

WHEREAS, the City Council desires to amend the 2019 Budget Exhibit A Salary Schedule to reflect the addition of an Information Technology Manager and a City Attorney staff position; and

NOW THEREFORE THE CITY COUNCIL OF THE CITY OF EDGEWOOD, WASHINGTON, DOES ORDAIN AS FOLLOWS:

Section 1. Amending the 2019 Salary Schedule. The 2019 Salary Schedule approved with Ordinance 18-0539 is amended to add the Information Technology Manager and City Attorney positions, attached as Exhibit A.

Section 3. Direction to Staff: Staff is hereby authorized and instructed to make the necessary changes to the printed form of the 2019 Budget Exhibit A Salary Schedule to reflect the above amendments.

Section 5. Transmittal. The City Clerk is hereby authorized and directed to transmit a certified copy of this ordinance to the Association of Washington Cities, the Auditor of the State of Washington, and Municipal Research Services Center.

Section 6. Severability. Should any section, paragraph, sentence, clause, or phrase of this ordinance, or its application to any person or circumstance, be declared unconstitutional or otherwise invalid for any reason, or should any portion of this ordinance be preempted by state or federal law or regulation, such decision or preemption shall not affect the validity of the remaining portions of this ordinance or its application to other persons or circumstances.

Section 7. Effective Date. A summary of this ordinance shall be published in the official newspaper of the City and this ordinance shall take effect and be in full force five (5) days after the date of publication.

Section 8. Approval. Pursuant to RCW 35A.33.120, the City Council finds that this Ordinance is in the best interest of the City and has approved this Ordinance by a majority plus one of all members of Council.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF EDGEWOOD THIS 9TH DAY OF JULY, 2019.

Mayor, Daryl Eiding

Attest/Authenticated:

City Clerk, Rachel Pitzel, CMC

Approved As To Form:

Interim City Attorney Ann Marie J. Soto

Date of Publication: *July 11, 2019*

Effective Date: *July 16, 2019*
